

Improving Access to Psychological Therapies (IAPT) v2.0 Data Set Consultation Questionnaire: Summary report

This report was created on Tuesday 03 September 2019 at 15:03.

The consultation ran from 09/05/2019 to 06/06/2019.

Contents

Question 1: Your Name	4
Name	4
Question 2: Your email address	4
E-mail address	4
Question 3: In what capacity are you responding to this questionnaire?	4
Please select the option most applicable to you	4
Question 4: If applicable, please provide the name of your organisation:	4
Name of organisation	4
Question 5: If applicable, please tell us which type of organisation you work for	5
Organisation Type	5
Other organisation type	5
Question 6: Please tell us which role types were consulted with prior to providing the response for this consultation	6
Role Types Consulted	6
Other Role Types Consulted	6
Question 7: Addition of the 'Header' table: Please consider the proposed changes listed in Section 3.1.1 of the Change Specification	6
Header Table - Addition of the 'Header Table' to the data set.	6
Please provide any comments you have about these changes	6
Question 8: Increased use of clinical terminology: Please consider the proposed changes listed in Section 3.1.2 of the Change Specification.	7
Increased use of clinical terminology - Moving the 'Appointment' table to a 'Care Contact' and 'Care Activity' structure	7
Increased use of clinical terminology - The collection of social and personal circumstances using defined SNOMED CT resets	7
Increased use of clinical terminology - Flowing Routine Outcome Measures (ROMs) as Coded Scored Assessments, mapped to SNOMED CT.	7
Increased use of clinical terminology - Flowing routine outcome measures against the relevant care activity.	8
Increased use of clinical terminology	8
Question 9: Required use cases for Clinical Terminology: Please consider the proposed changes listed in Section 3.1.2.1, 3.1.2.2 and 3.1.2.3 of the Change Specification.	8
Required use cases for Clinical Terminology - Changes to the Therapy Type code list	8
Required use cases for Clinical Terminology - Submission of asylum status as a social and personal circumstance	9
Required use cases for Clinical Terminology - Submission of contextual factors as a Clinical Finding	9
Required use cases for Clinical Terminology - Additional Routine Outcomes Measures (e.g. Body Image Questionnaire (BIQ))	10
Required use cases for Clinical Terminology	10
Question 10: Modular Data Design: Please consider the proposed changes listed in Section 3.1.3 of the Change Specification.	10
Modular Data Design - Transitioning to a generic 'modular' data design	10
Modular Data Design - Addition of a 'General Practice Registration' Table	11
Modular Data Design - Addition of an 'Employment Status' table	11
Modular Data Design - Addition of the 'Care Cluster' table	12
Modular Data Design - Addition of the 'Onward Referral' table	12
Modular Data Design	12
Question 11: Removal of data items no longer required: Please consider the proposed changes listed in Section 3.2.1 of the Change Specification.	13
Removal of data items no longer required - Removal of 'LONG TERM PHYSICAL HEALTH CONDITION INDICATOR (IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES)'	13
Removal of data items no longer required - Removal of 'IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES OPT IN DATE'	13
Removal of data items no longer required - Removal of 'IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES STEPPED CARE INTENSITY DELIVERED'	13

Removal of data items no longer required - Removal of duplicate linkage fields (NHS Number, Org Code Provider, Local Patient Identifier)	14
Removal of data items no longer required	14
Question 12: Revision of End Codes: Please consider the proposed changes listed in Section 3.2.2 of the Change Specification.	14
Revision of End Codes - Revision of End Codes	14
Revision of End Codes	14
Question 13: Addition of Internet Enabled Therapy table: Please consider the changes to support Internet Enabled Therapies, as detailed within Section 3.2.3 of the Change Specification.	15
Addition of Internet Enabled Therapy table - Addition of 'Internet Enabled Therapy' table and the structure proposed	15
Addition of Internet Enabled Therapy table - Addition of 'INTERNET ENABLED THERAPY WEEKLY ACTIVITY LOG DATE'	15
Addition of Internet Enabled Therapy table - Addition of 'INTERNET ENABLED THERAPY PROGRAMME (SNOMED CT)'	15
Addition of Internet Enabled Therapy table - Addition of 'USE OF ACCELERATOR ENGINE INDICATOR'	16
Addition of Internet Enabled Therapy table	16
Question 14: Language: Please consider the changes to support Language, as detailed within Section 3.2.4 of the Change Specification.	16
Language - Addition of '(LANGUAGE CODE PREFERRED)'	16
Language - Addition of 'LANGUAGE CODE OF TREATMENT'	17
Language - Addition of 'USE OF INTERPRETER INDICATION CODE'	17
Language	17
Question 15: Care Professional Qualification table: Please consider the changes to support Care Professional Qualifications, as detailed within Section 3.2.5 of the Change Specification.	18
Care Professional Qualification Table - Addition of a new Care Professional Qualification table, relationally linked to Care Activity table	18
Care Professional Qualification Table - Addition of 'QUALIFICATION HELD (IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES)'	18
Care Professional Qualification Table - Addition of 'EMPLOYEE QUALIFICATION AWARDED DATE'	18
Care Professional Qualification Table - Deletion of existing 'CARE PROFESSIONAL ROLE CODE FOR IAPT'	19
Care Professional Qualification Table	19
Question 16: Employment: Please consider the changes to support Employment outcomes, as detailed within Section 3.2.6 of the Change Specification.	19
Employment - Addition of 'WEEKLY HOURS WORKED'	19
Employment - Addition of 'SELF EMPLOYMENT INDICATOR'	20
Employment - Addition of 'EMPLOYMENT ATTENDANCE STATUS'	20
Employment - Incorporation of the Employment Advisors pilot benefits indicator items	21
Employment	21
Question 17: Long Term Conditions (LTC) and Medically Unexplained Symptoms (MUS) early implementer pilot programme: Please consider the changes to support Long Term Conditions (LTCs) and Medically Unexplained Symptoms (MUS), as detailed within Section 3.2.7 of the Change Specification.	21
LTC and MUS table - Addition of a new table to flow LTCs as Medical History.	21
LTC and MUS table - Restructure of the 'Problem Descriptor' field to allow MUS to flow as a primary and secondary descriptor	22
LTC and MUS table	22
Question 18: Additional Care Contact Information: Please consider the changes to support additional Care Contact information, as detailed within Section 3.2.8 of the Change Specification.	22
Additional Care Contact Information - Addition of 'NUMBER OF GROUP THERAPY PARTICIPANTS'	22
Additional Care Contact Information - Addition of 'NUMBER OF GROUP THERAPY FACILITATORS'	23
Additional Care Contact Information - Addition of 'ACTIVITY LOCATION TYPE CODE'	23
Additional Care Contact Information - Addition of 'ORGANISATION SITE IDENTIFIER (OF TREATMENT)'	24
Additional Care Contact Information	24
Question 19: Overseas Visitor Charging Category: Please consider the changes to support Overseas Visitor Charging Category (OVCC) as detailed within Section 3.2.9 of the Change Specification.	24
Overseas Visitor Charging Category - Addition of an 'OVCC' table	24
Overseas Visitor Charging Category	24
Question 20: Clarification of data set scope: Please consider the changes to the data set scope, as detailed within Section 3.2.10 of the Change Specification.	25
Clarification of data set scope - Update to the data set scope clarifying that activity relating to people under the age of 18, but are accessing adult IAPT services, should be included in this data set.	25
Clarification of data set scope	25
Question 21: Maintenance updates: Please consider the changes to support maintenance updates, as detailed within Section 3.2.11 of the Change Specification.	25

Maintenance Updates - General maintenance updates proposed to the data set	25
Maintenance Updates	25
Question 22: Do you collect or derive the following items locally?	26
Management of Patient Pathways - End Date (Treatment Pathway)	26
Management of Patient Pathways - End Date (Care Responsibility for Pathway)	26
Management of Patient Pathways - Administrative End Date of Pathway	26
Management of Patient Pathways - Last Planned Contact or Communication with Patient Date	27
Management of Patient Pathways - Last Contact Medium: Letter, Text, Phone, Email F2F	27
Management of Patient Pathways	27
Question 23: In order to understand the movement of patients between steps within a single referral, could the following data item be collected locally?	28
Management of Patient Pathways - Step Change Date	28
Management of Patient Pathways	28
Question 24: In order to understand the movement of patients between steps across multiple organisations, we added changes in Version 1.5 such as: New Source of Referral codes (N1 and N2), New End codes (40 and 41) and Organisation Code Stepped to Provider. Data quality of these fields has prohibited use within national reports. Please detail any feedback that may help us understand data quality considerations and how these can better be supported.	28
Please provide feedback below	28
Question 25: Implementation - Proposed Timescales: Please select the statement which most accurately reflects your views regarding the proposed timescales for implementation of the IAPT v2.0 Data Set, assuming the Information Standards Notice (ISN) is published at the beginning of September 2019. Please use the free text field to add any further comments.	28
Implementation - Proposed Timescales - We would be able to achieve collection of the required data from 1 April 2020	28
Implementation - Proposed Timescales - We would be able to achieve submission of the required data in May 2020	29
Implementation - Proposed Timescales	29
Question 26: Implementation - Resources: Are there any other tools or resources which you would like NHS Digital to provide, to assist with the implementation of version IAPT v2.0.	29
Implementation - Resources	29
Question 27: Improving Access to Psychological Therapies Payment and Outcomes Cloud Tool	29
Improving Access to Psychological Therapies Payment and Outcomes Cloud Tool - Are you aware of the IAPT Payment and Outcomes Cloud Tool available to all submitting IAPT Providers via Open Exeter (https://digital.nhs.uk/services/national-casemix-office/improving-access-to-psychological-therapies-payment-and-outcomes-tool)	29
Improving Access to Psychological Therapies Payment and Outcomes Cloud Tool - If so, have you or someone at your site accessed this tool?	30
Improving Access to Psychological Therapies Payment and Outcomes Cloud Tool	30
Question 28: Implementation - Proposed Timescales: Please select the statement which most accurately reflects your views regarding the proposed timescales for implementation the IAPT v2.0 Data Set, assuming the Information Standards Notice (ISN) is published in September 2019. Please use the free text field to add any further comments.	30
Implementation - Proposed Timescales (Suppliers) - It would be possible to allow recording of the changes specified in IAPT v2.0 by 1 April 2020	30
Implementation - Proposed Timescales (Suppliers) - It would be possible to allow production of extracts for submission to NHS Digital in the format specified in IAPT v2.0 by May 2020	31
Implementation - Proposed Timescales (Suppliers) - It would be possible to allow provider access to data in the new structure by May 2020	31
Implementation - Proposed Timescales	31
Question 29: Implementation – Resources: Are there any other tools or resources which you would like NHS Digital to provide, to assist with the implementation of version IAPT v2.0?	31
Implementation - Resources (Supplier)	31
Question 30: Please select the statement which most adequately reflects your views regarding the timelines for the dataset development.	32
Development Timescales - The period of notice provided through the ISN would be adequate for the level of change included in this release.	32
Please provide further details	32
Question 31: Please provide details of any measures or analyses in the monthly reports that you would like to see based on the proposed new data in version 2.0:	32
Reporting	32
Question 32: Monthly Official Statistics reports on the IAPT data set are published on the NHS Digital website https://www.digital.nhs.uk/iaptreports. The reports contain key information based on the submissions that have been made by providers and each report focuses on data relating to activity that occurred within a previous reporting month.	32
Reporting - Are you aware of these reports?	32
Reporting - Do you currently use these reports?	33

Question 1: Your Name

Name

There were 18 responses to this part of the question.

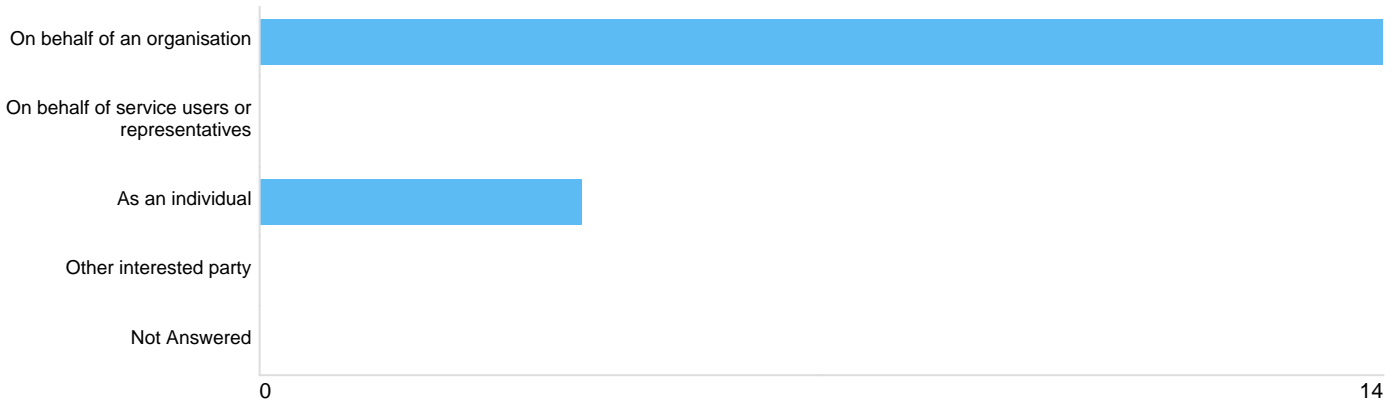

Question 2: Your email address

E-mail address

There were 18 responses to this part of the question.

Question 3: In what capacity are you responding to this questionnaire?

Please select the option most applicable to you

Option	Total	Percent
On behalf of an organisation	14	77.78%
On behalf of service users or representatives	0	0%
As an individual	4	22.22%
Other interested party	0	0%
Not Answered	0	0%

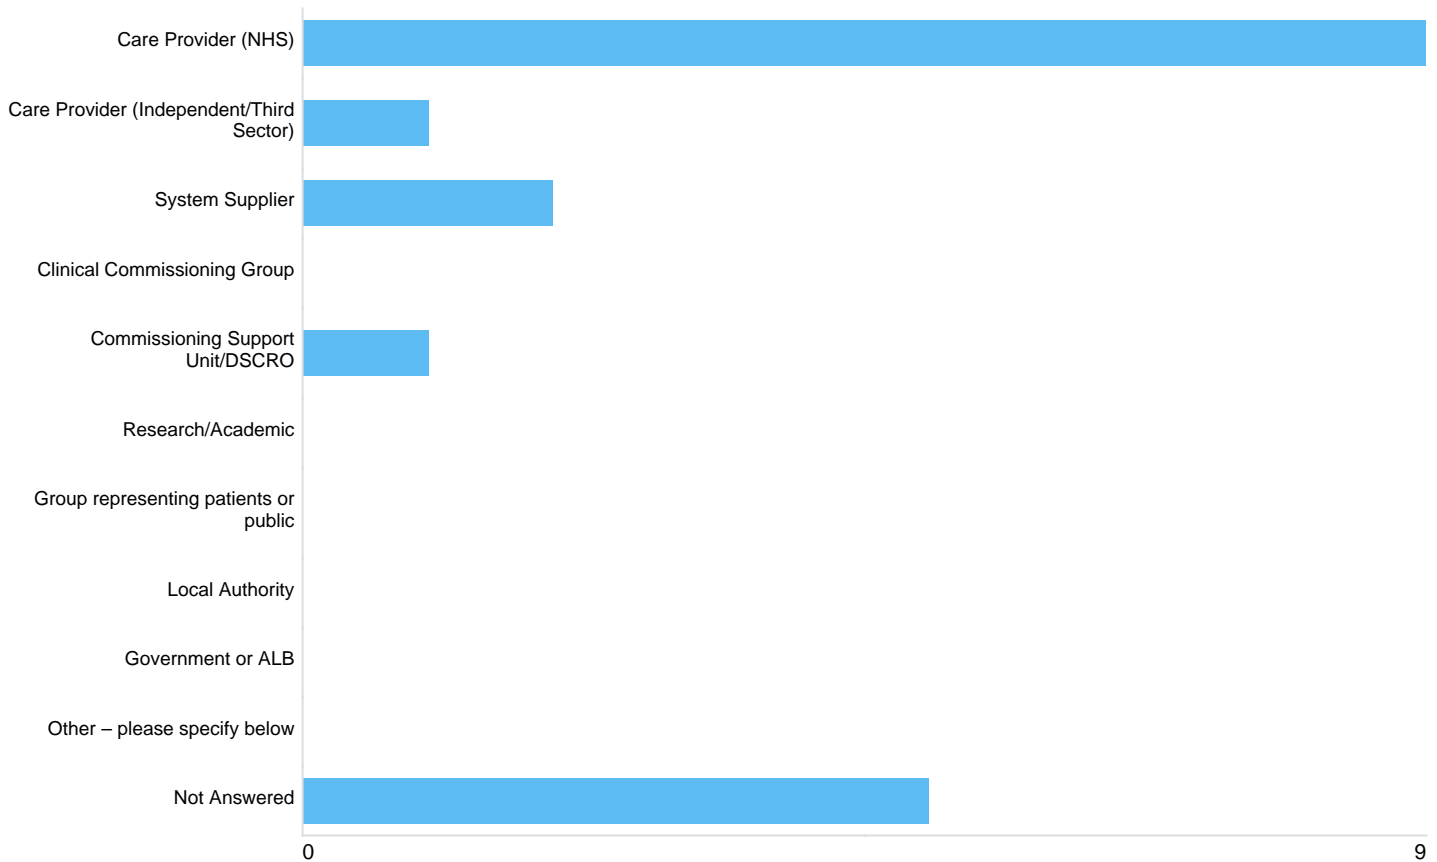

Question 4: If applicable, please provide the name of your organisation:

Name of organisation

There were 12 responses to this part of the question.

Question 5: If applicable, please tell us which type of organisation you work for

Organisation Type

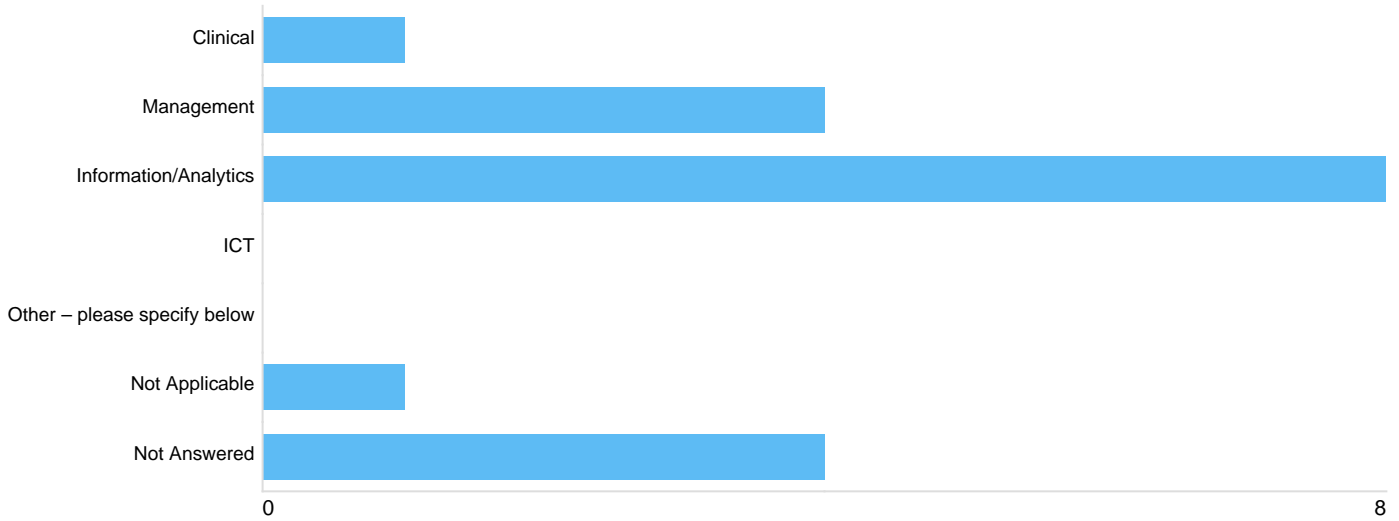

Option	Total	Percent
Care Provider (NHS)	9	50.00%
Care Provider (Independent/Third Sector)	1	5.56%
System Supplier	2	11.11%
Clinical Commissioning Group	0	0%
Commissioning Support Unit/DSCRO	1	5.56%
Research/Academic	0	0%
Group representing patients or public	0	0%
Local Authority	0	0%
Government or ALB	0	0%
Other – please specify below	0	0%
Not Answered	5	27.78%

Other organisation type

There was 1 response to this part of the question.

Question 6: Please tell us which role types were consulted with prior to providing the response for this consultation

Role Types Consulted

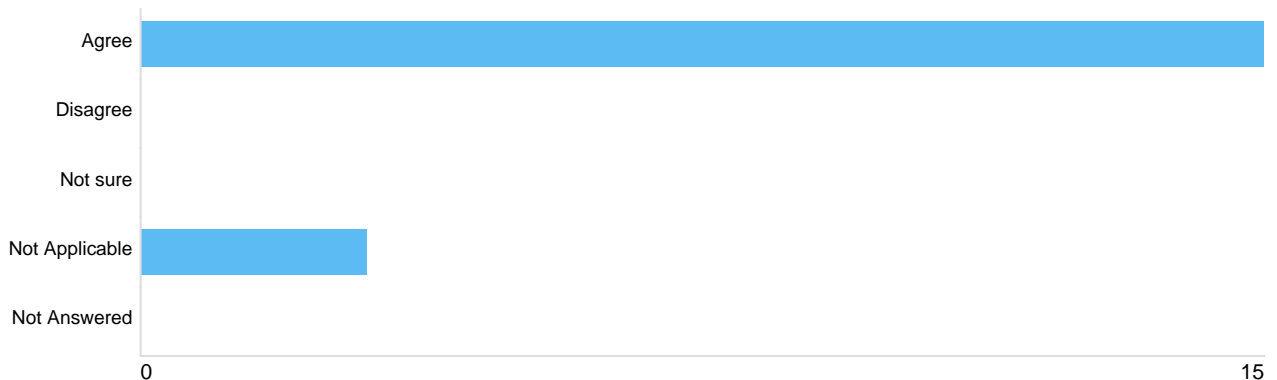

Option	Total	Percent
Clinical	1	5.56%
Management	4	22.22%
Information/Analytics	8	44.44%
ICT	0	0%
Other – please specify below	0	0%
Not Applicable	1	5.56%
Not Answered	4	22.22%

Other Role Types Consulted

There was 1 response to this part of the question.

Question 7: Addition of the 'Header' table: Please consider the proposed changes listed in Section 3.1.1 of the Change Specification

Header Table - Addition of the 'Header Table' to the data set.

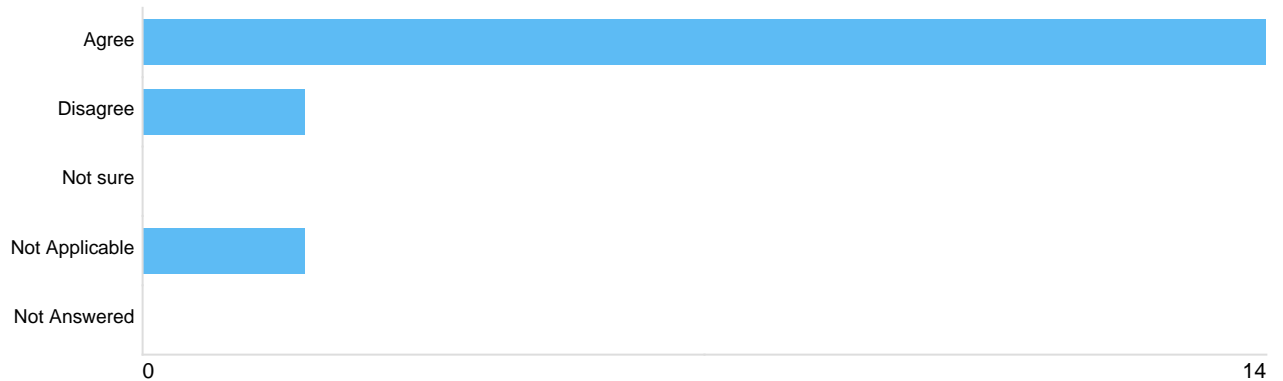

Option	Total	Percent
Agree	15	83.33%
Disagree	0	0%
Not sure	0	0%
Not Applicable	3	16.67%
Not Answered	0	0%

Please provide any comments you have about these changes

There were 2 responses to this part of the question.

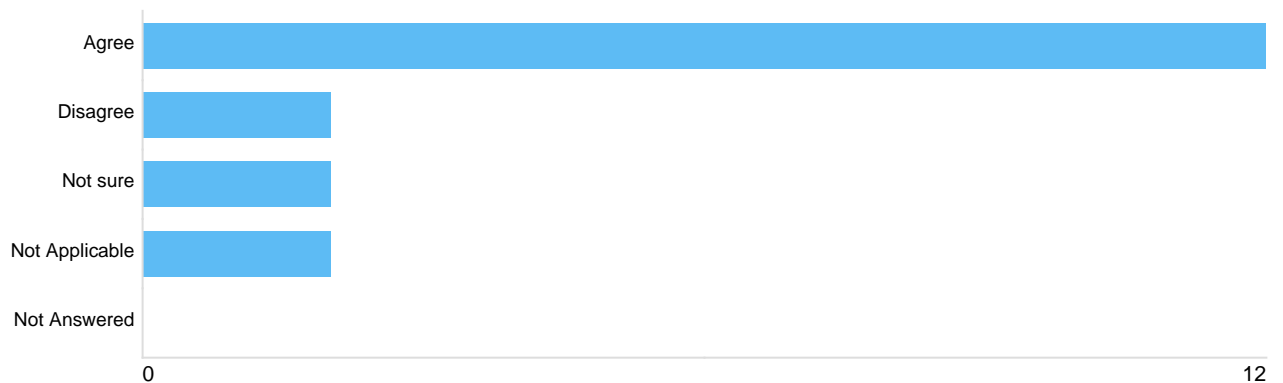

Question 8: Increased use of clinical terminology: Please consider the proposed changes listed in Section 3.1.2 of the Change Specification.

Increased use of clinical terminology - Moving the 'Appointment' table to a 'Care Contact' and 'Care Activity' structure

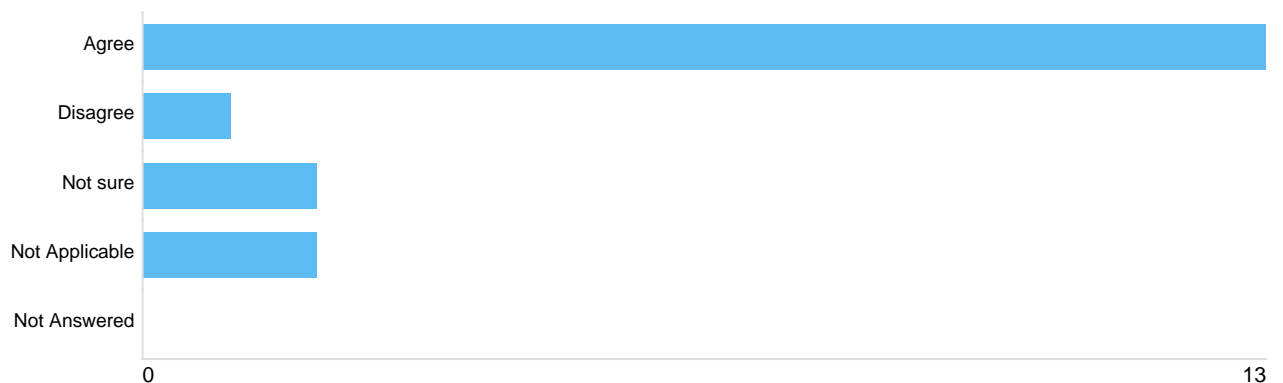

Option	Total	Percent
Agree	14	77.78%
Disagree	2	11.11%
Not sure	0	0%
Not Applicable	2	11.11%
Not Answered	0	0%

Increased use of clinical terminology - The collection of social and personal circumstances using defined SNOMED CT refsets

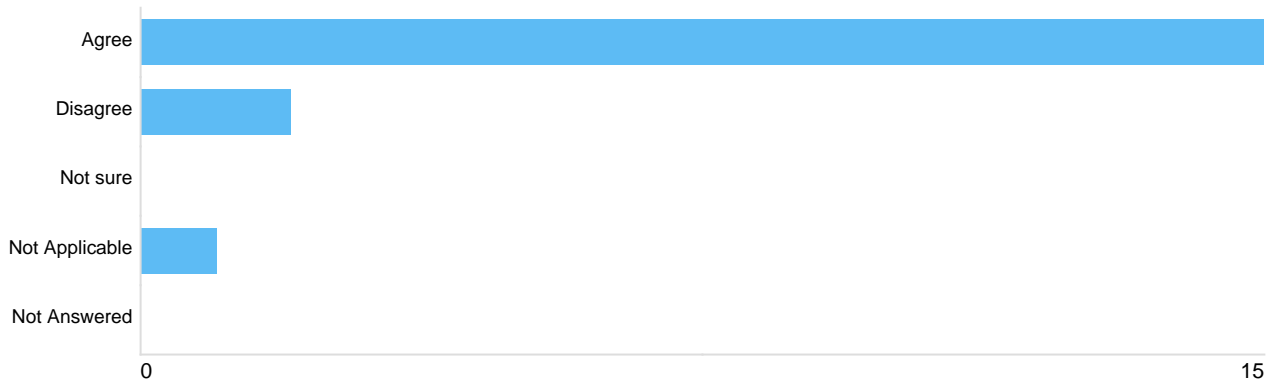

Option	Total	Percent
Agree	12	66.67%
Disagree	2	11.11%
Not sure	2	11.11%
Not Applicable	2	11.11%
Not Answered	0	0%

Increased use of clinical terminology - Flowing Routine Outcome Measures (ROMs) as Coded Scored Assessments, mapped to SNOMED CT.

Option	Total	Percent
Agree	13	72.22%
Disagree	1	5.56%
Not sure	2	11.11%
Not Applicable	2	11.11%
Not Answered	0	0%

Increased use of clinical terminology - Flowing routine outcome measures against the relevant care activity.

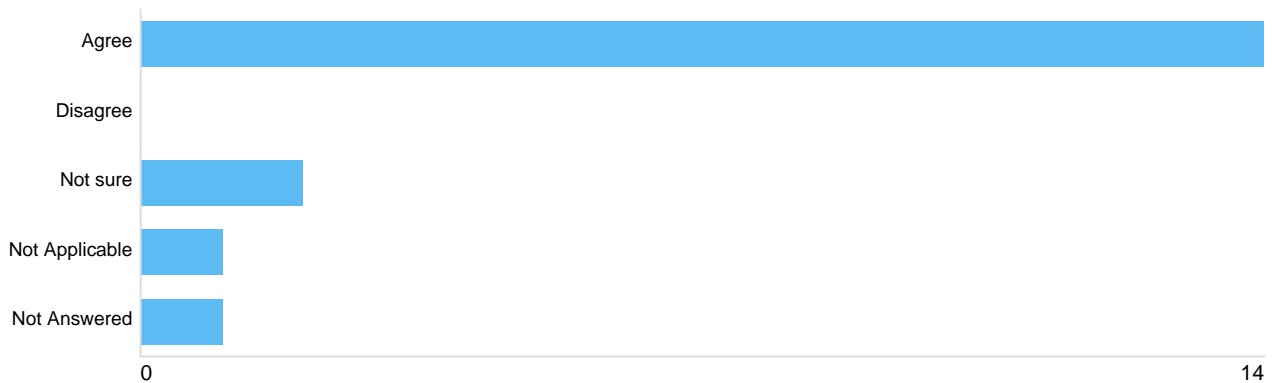

Option	Total	Percent
Agree	15	83.33%
Disagree	2	11.11%
Not sure	0	0%
Not Applicable	1	5.56%
Not Answered	0	0%

Increased use of clinical terminology

There were 4 responses to this part of the question.

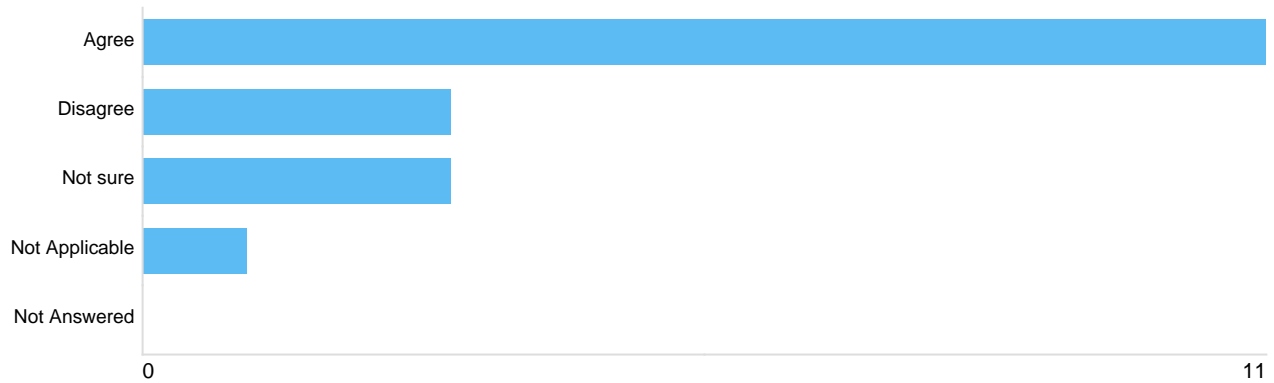

Question 9: Required use cases for Clinical Terminology: Please consider the proposed changes listed in Section 3.1.2.1, 3.1.2.2 and 3.1.2.3 of the Change Specification.

Required use cases for Clinical Terminology - Changes to the Therapy Type code list

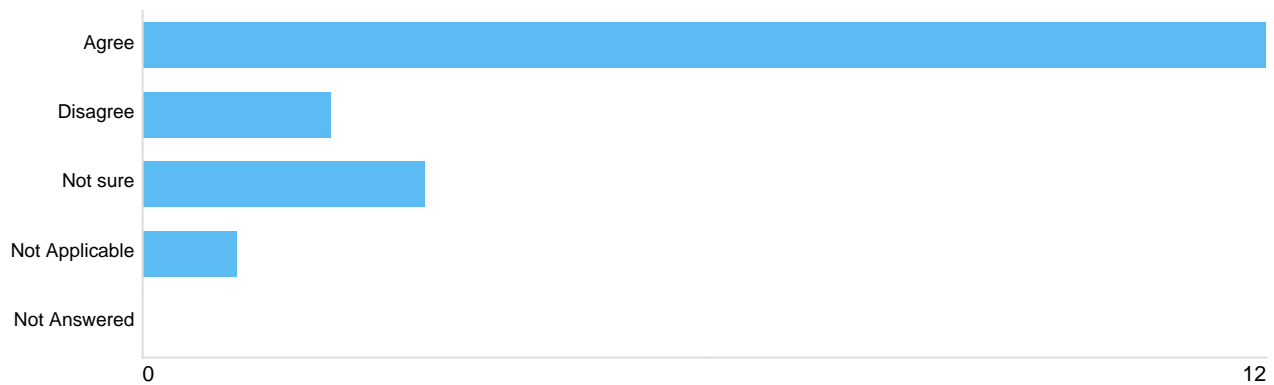

Option	Total	Percent
Agree	14	77.78%
Disagree	0	0%
Not sure	2	11.11%
Not Applicable	1	5.56%
Not Answered	1	5.56%

Required use cases for Clinical Terminology - Submission of asylum status as a social and personal circumstance

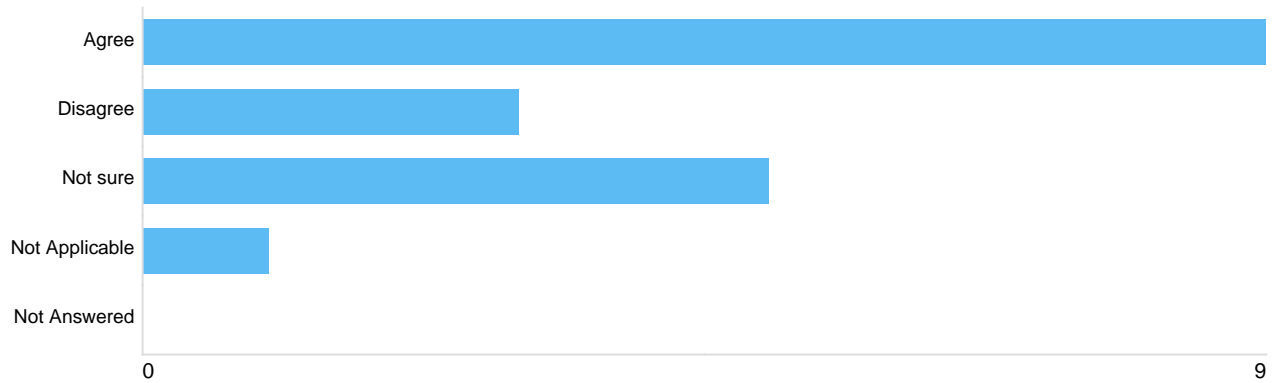

Option	Total	Percent
Agree	11	61.11%
Disagree	3	16.67%
Not sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	0	0%

Required use cases for Clinical Terminology - Submission of contextual factors as a Clinical Finding

Option	Total	Percent
Agree	12	66.67%
Disagree	2	11.11%
Not sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	0	0%

Required use cases for Clinical Terminology - Additional Routine Outcomes Measures (e.g. Body Image Questionnaire (BIQ))

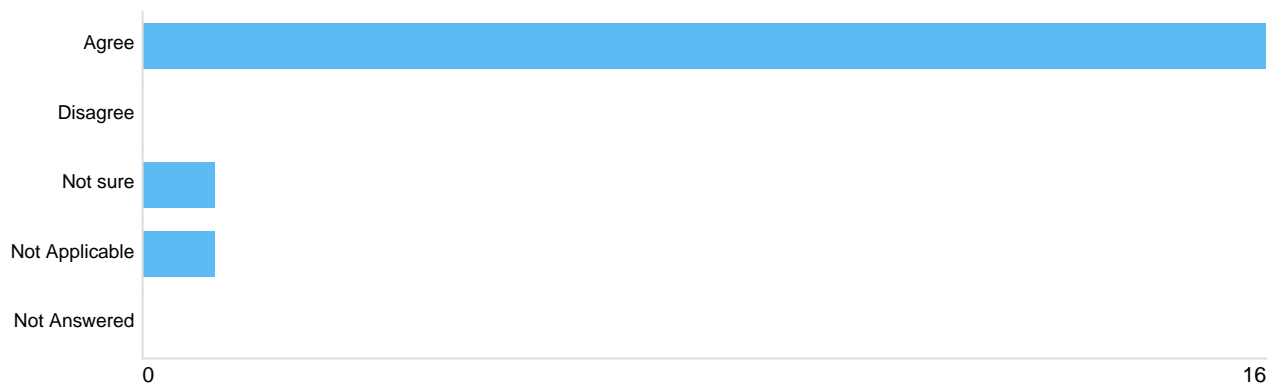

Option	Total	Percent
Agree	9	50.00%
Disagree	3	16.67%
Not sure	5	27.78%
Not Applicable	1	5.56%
Not Answered	0	0%

Required use cases for Clinical Terminology

There were 7 responses to this part of the question.

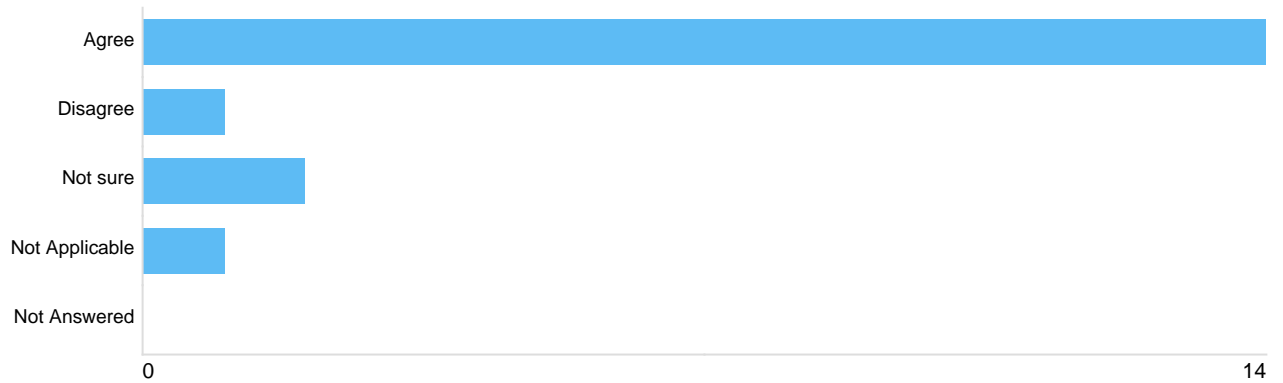

Question 10: Modular Data Design: Please consider the proposed changes listed in Section 3.1.3 of the Change Specification.

Modular Data Design - Transitioning to a generic 'modular' data design

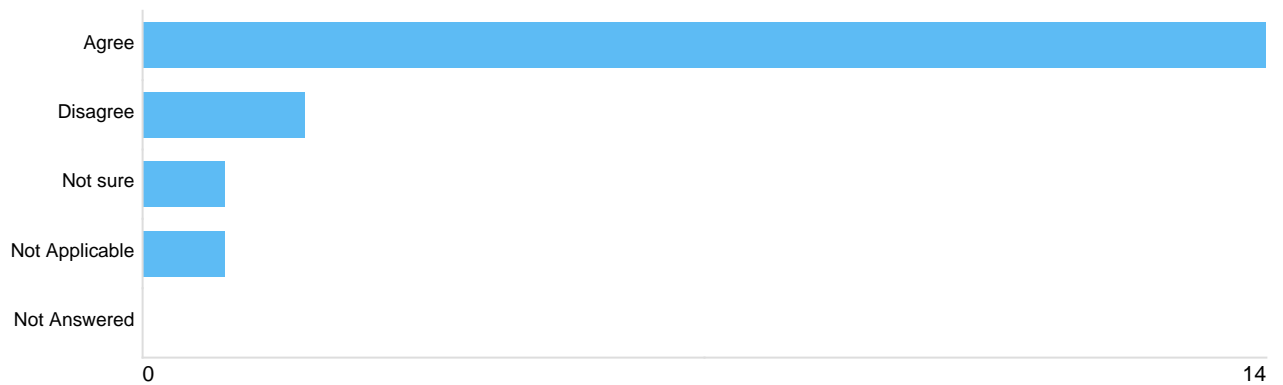

Option	Total	Percent
Agree	16	88.89%
Disagree	0	0%
Not sure	1	5.56%
Not Applicable	1	5.56%
Not Answered	0	0%

Modular Data Design - Addition of a 'General Practice Registration' Table

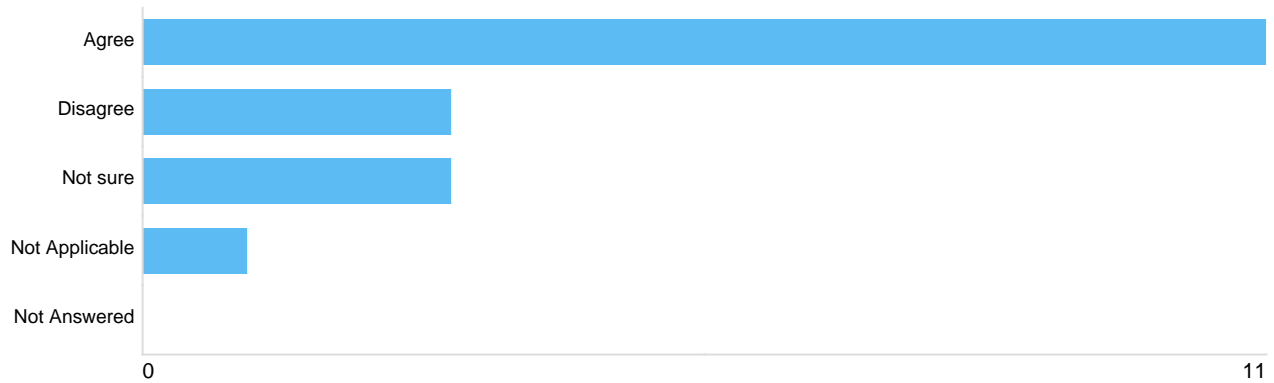

Option	Total	Percent
Agree	14	77.78%
Disagree	1	5.56%
Not sure	2	11.11%
Not Applicable	1	5.56%
Not Answered	0	0%

Modular Data Design - Addition of an 'Employment Status' table

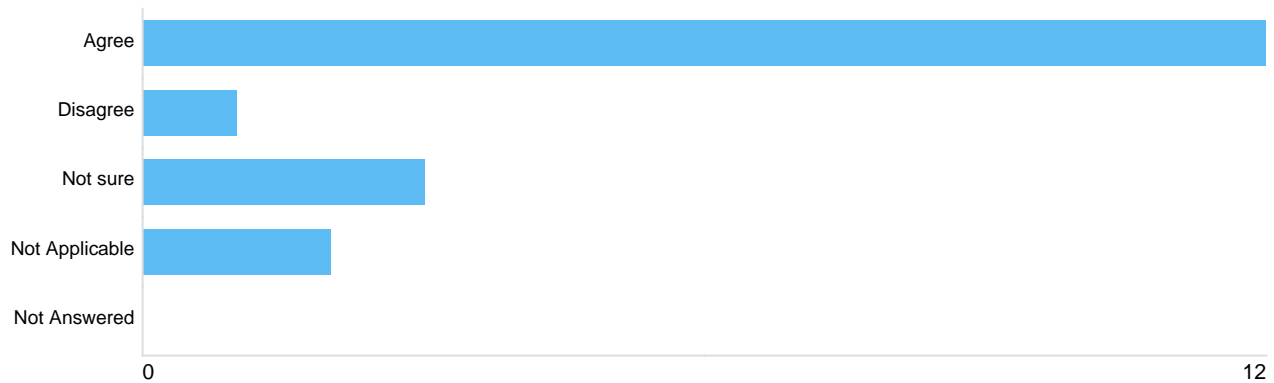

Option	Total	Percent
Agree	14	77.78%
Disagree	2	11.11%
Not sure	1	5.56%
Not Applicable	1	5.56%
Not Answered	0	0%

Modular Data Design - Addition of the 'Care Cluster' table

Option	Total	Percent
Agree	11	61.11%
Disagree	3	16.67%
Not sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	0	0%

Modular Data Design - Addition of the 'Onward Referral' table

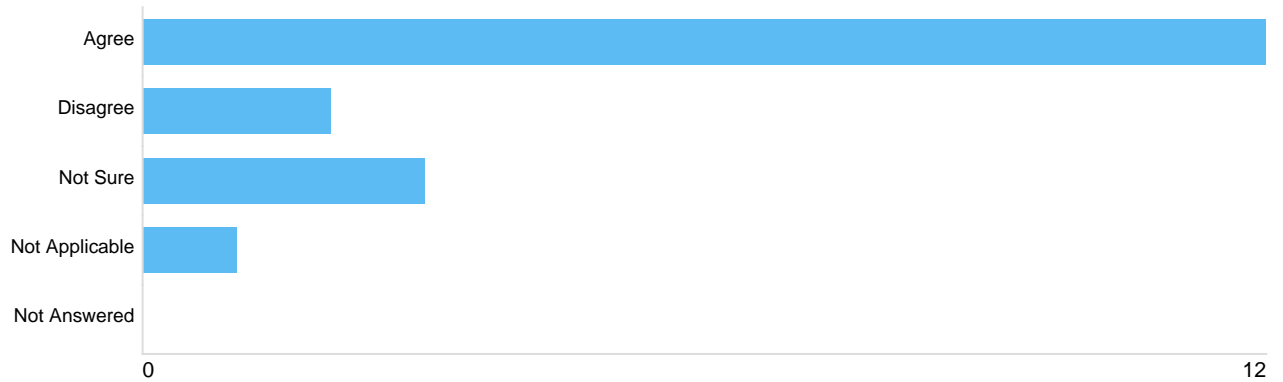

Option	Total	Percent
Agree	12	66.67%
Disagree	1	5.56%
Not sure	3	16.67%
Not Applicable	2	11.11%
Not Answered	0	0%

Modular Data Design

There were 5 responses to this part of the question.

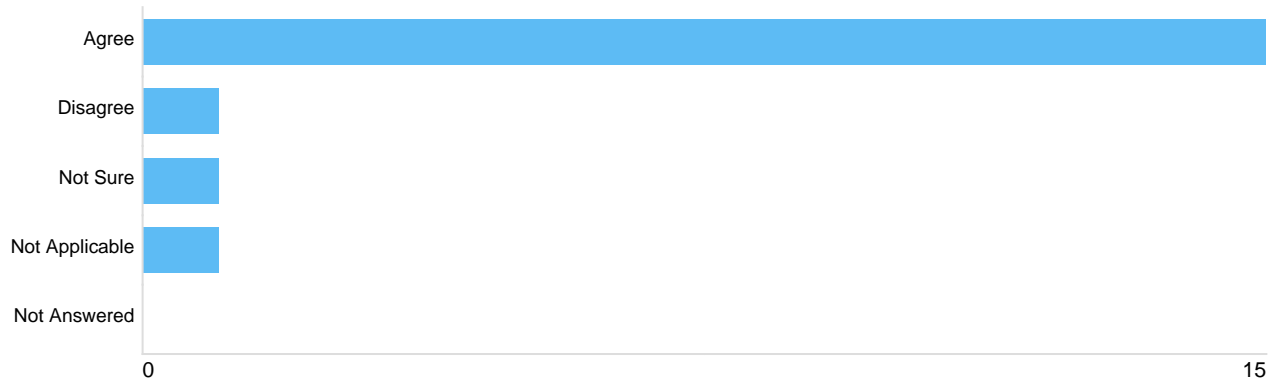

Question 11: Removal of data items no longer required: Please consider the proposed changes listed in Section 3.2.1 of the Change Specification.

Removal of data items no longer required - Removal of 'LONG TERM PHYSICAL HEALTH CONDITION INDICATOR (IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES)'

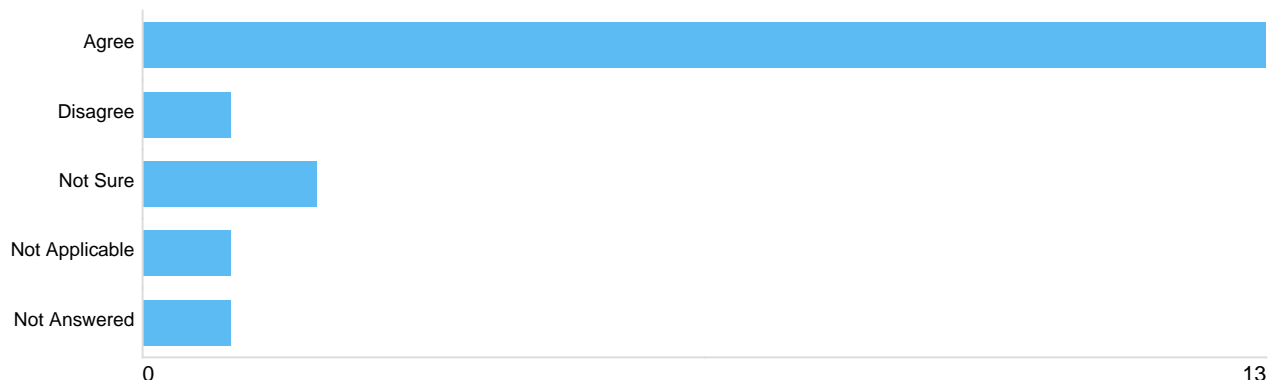

Option	Total	Percent
Agree	12	66.67%
Disagree	2	11.11%
Not Sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	0	0%

Removal of data items no longer required - Removal of 'IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES OPT IN DATE'

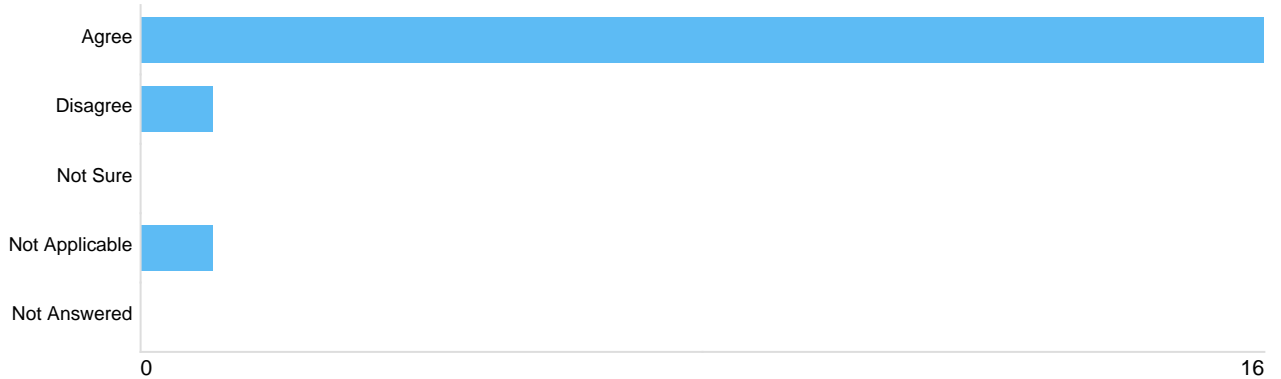

Option	Total	Percent
Agree	15	83.33%
Disagree	1	5.56%
Not Sure	1	5.56%
Not Applicable	1	5.56%
Not Answered	0	0%

Removal of data items no longer required - Removal of 'IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES STEPPED CARE INTENSITY DELIVERED'

Option	Total	Percent
Agree	13	72.22%
Disagree	1	5.56%
Not Sure	2	11.11%
Not Applicable	1	5.56%
Not Answered	1	5.56%

Removal of data items no longer required - Removal of duplicate linkage fields (NHS Number, Org Code Provider, Local Patient Identifier)

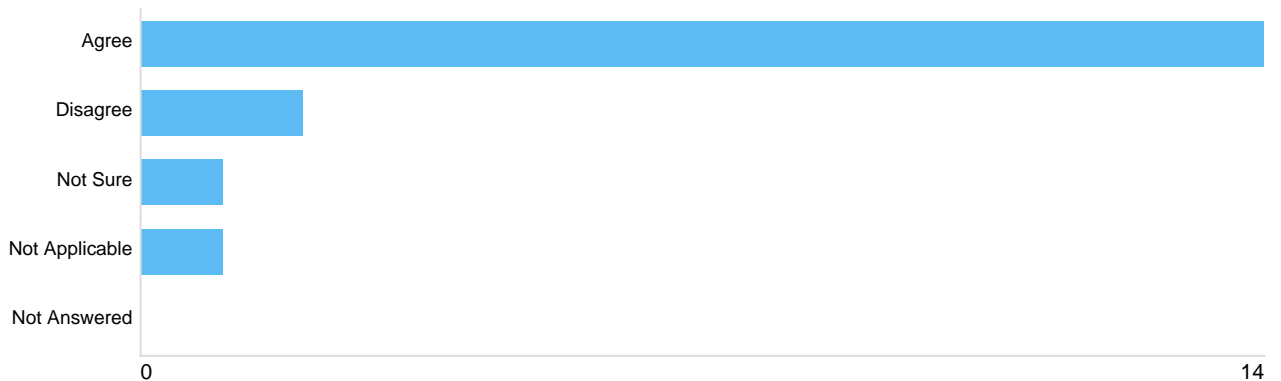

Option	Total	Percent
Agree	16	88.89%
Disagree	1	5.56%
Not Sure	0	0%
Not Applicable	1	5.56%
Not Answered	0	0%

Removal of data items no longer required

There was 1 response to this part of the question.

Question 12: Revision of End Codes: Please consider the proposed changes listed in Section 3.2.2 of the Change Specification.

Revision of End Codes - Revision of End Codes

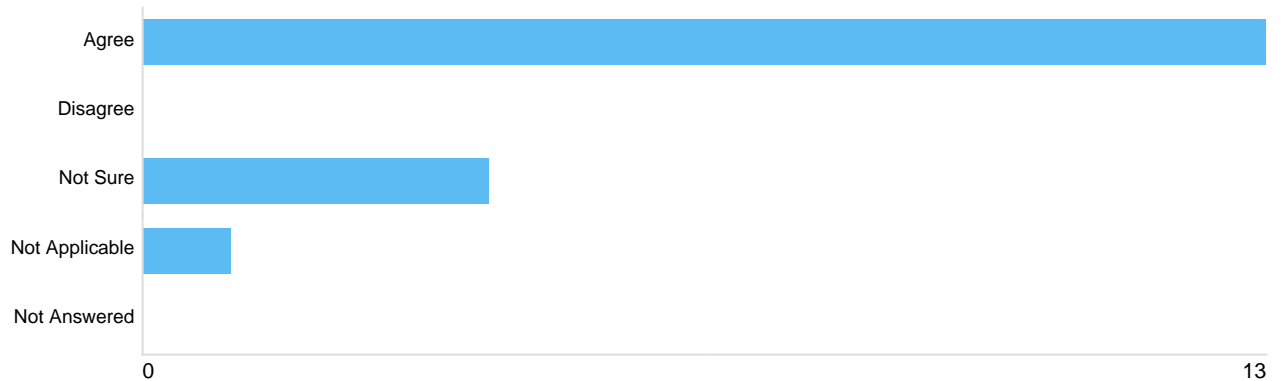

Option	Total	Percent
Agree	14	77.78%
Disagree	2	11.11%
Not Sure	1	5.56%
Not Applicable	1	5.56%
Not Answered	0	0%

Revision of End Codes

There were 2 responses to this part of the question.

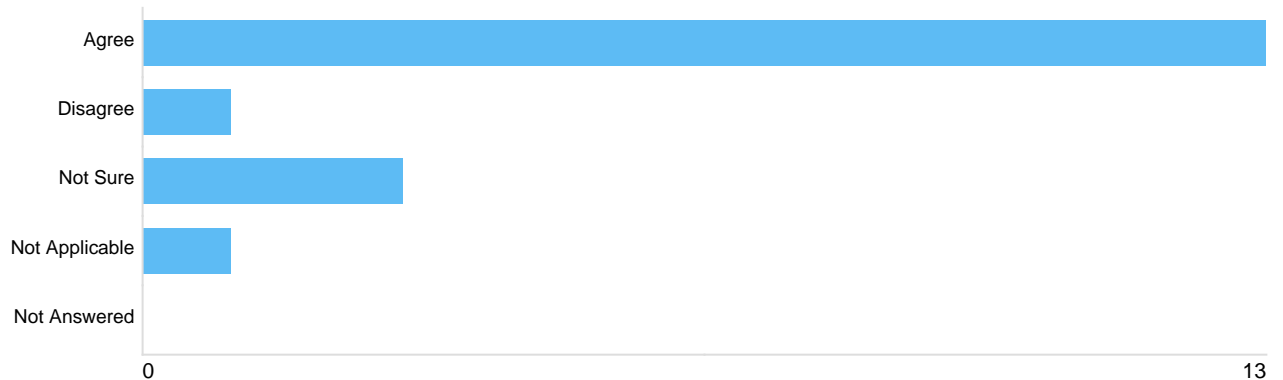

Question 13: Addition of Internet Enabled Therapy table: Please consider the changes to support Internet Enabled Therapies, as detailed within Section 3.2.3 of the Change Specification.

Addition of Internet Enabled Therapy table - Addition of 'Internet Enabled Therapy' table and the structure proposed

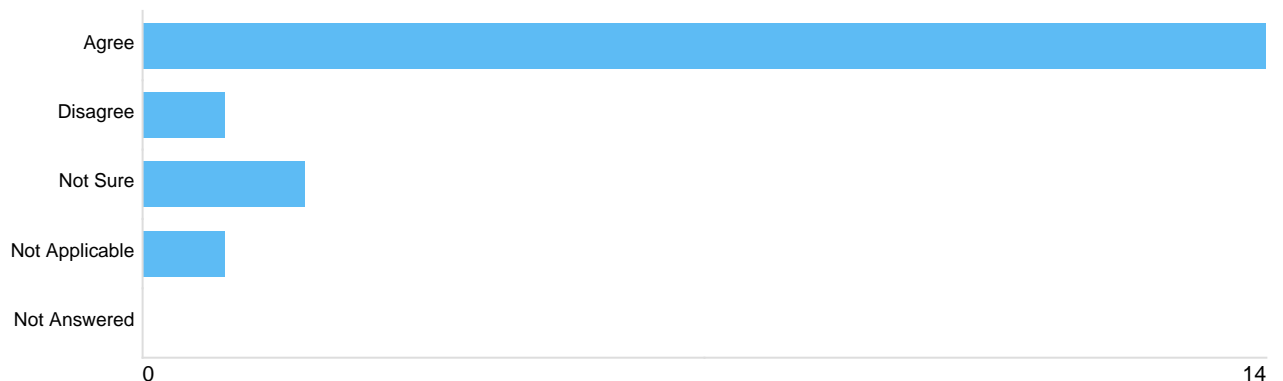

Option	Total	Percent
Agree	13	72.22%
Disagree	0	0%
Not Sure	4	22.22%
Not Applicable	1	5.56%
Not Answered	0	0%

Addition of Internet Enabled Therapy table - Addition of 'INTERNET ENABLED THERAPY WEEKLY ACTIVITY LOG DATE'

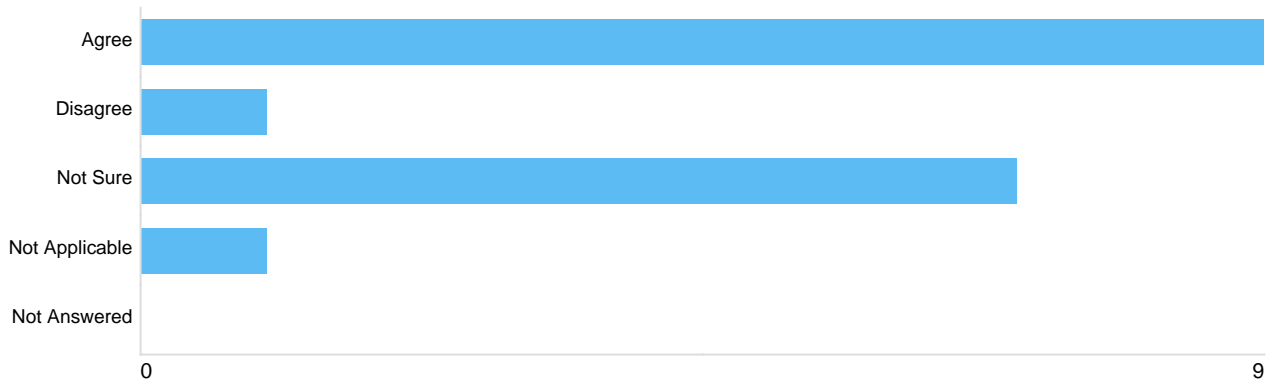

Option	Total	Percent
Agree	13	72.22%
Disagree	1	5.56%
Not Sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	0	0%

Addition of Internet Enabled Therapy table - Addition of 'INTERNET ENABLED THERAPY PROGRAMME (SNOMED CT)'

Option	Total	Percent
Agree	14	77.78%
Disagree	1	5.56%
Not Sure	2	11.11%
Not Applicable	1	5.56%
Not Answered	0	0%

Addition of Internet Enabled Therapy table - Addition of 'USE OF ACCELERATOR ENGINE INDICATOR'

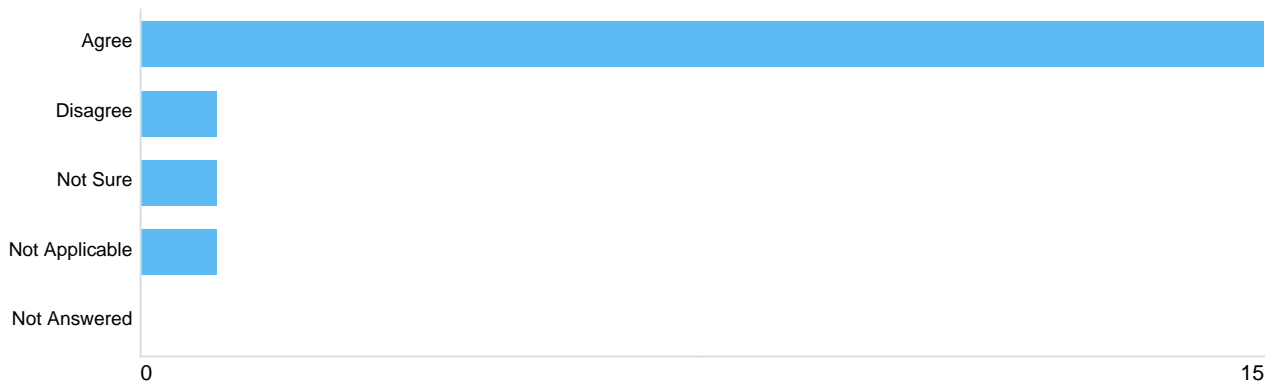

Option	Total	Percent
Agree	9	50.00%
Disagree	1	5.56%
Not Sure	7	38.89%
Not Applicable	1	5.56%
Not Answered	0	0%

Addition of Internet Enabled Therapy table

There were 3 responses to this part of the question.

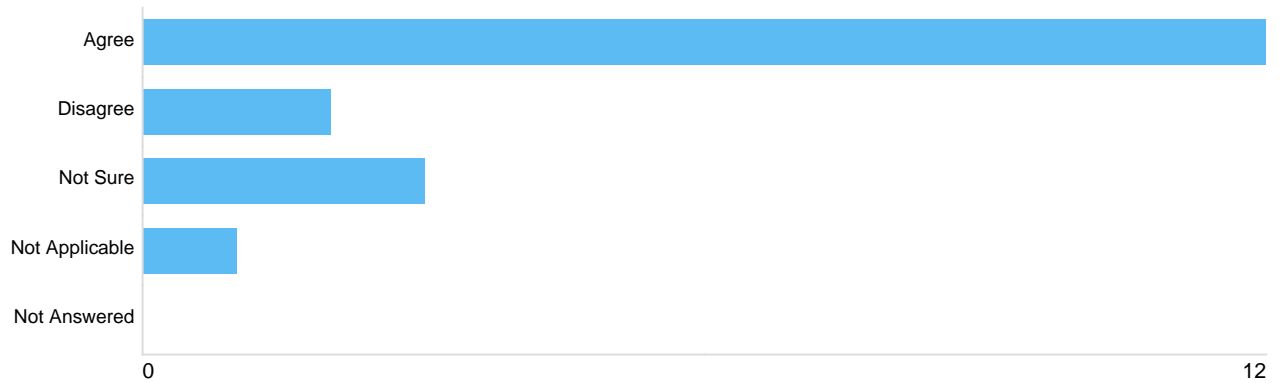

Question 14: Language: Please consider the changes to support Language, as detailed within Section 3.2.4 of the Change Specification.

Language - Addition of '(LANGUAGE CODE PREFERRED)'

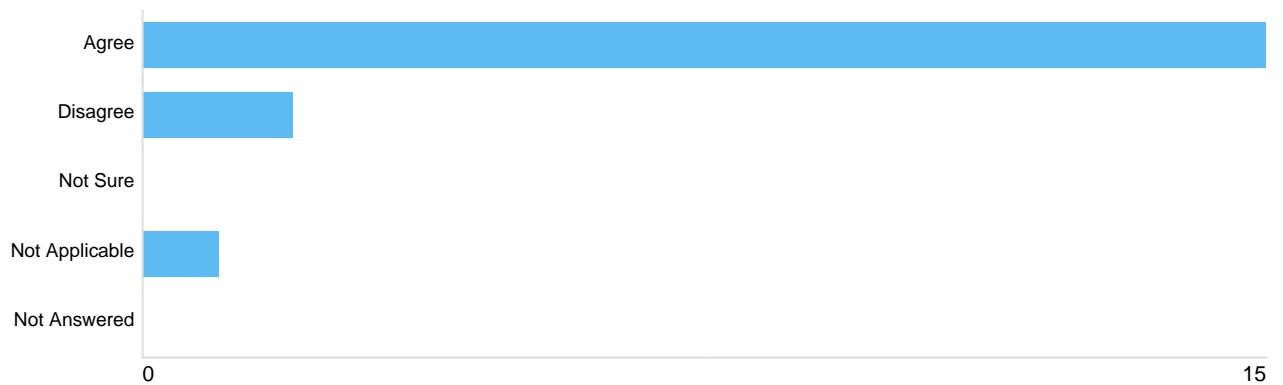

Option	Total	Percent
Agree	15	83.33%
Disagree	1	5.56%
Not Sure	1	5.56%
Not Applicable	1	5.56%
Not Answered	0	0%

Language - Addition of 'LANGUAGE CODE OF TREATMENT'

Option	Total	Percent
Agree	12	66.67%
Disagree	2	11.11%
Not Sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	0	0%

Language - Addition of 'USE OF INTERPRETER INDICATION CODE'

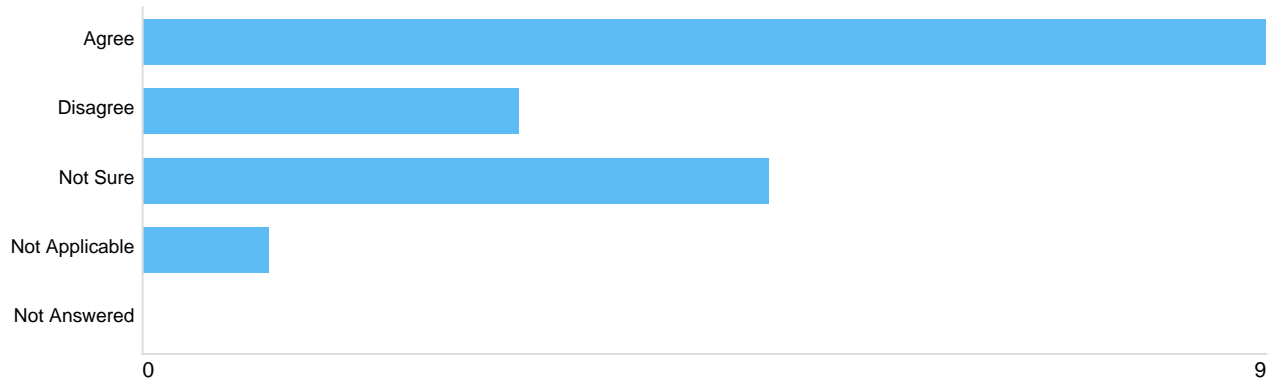

Option	Total	Percent
Agree	15	83.33%
Disagree	2	11.11%
Not Sure	0	0%
Not Applicable	1	5.56%
Not Answered	0	0%

Language

There were 4 responses to this part of the question.

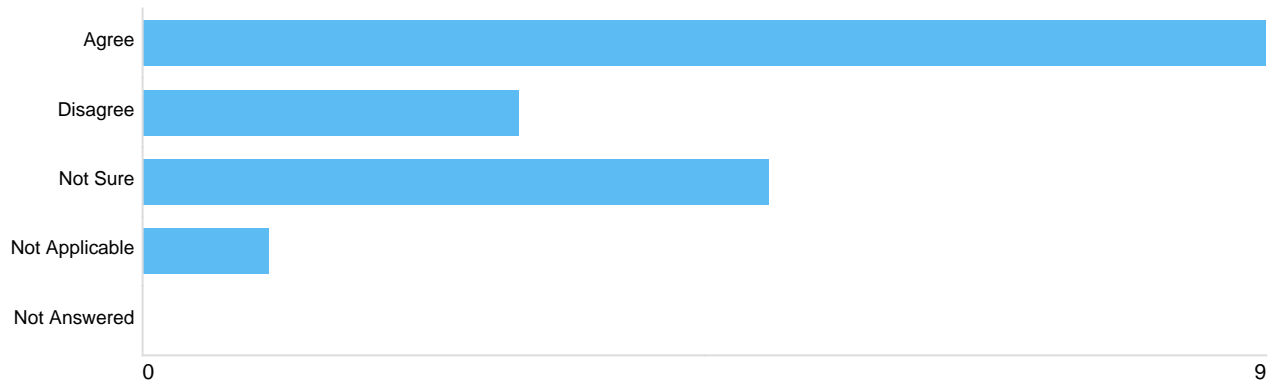

Question 15: Care Professional Qualification table: Please consider the changes to support Care Professional Qualifications, as detailed within Section 3.2.5 of the Change Specification.

Care Professional Qualification Table - Addition of a new Care Professional Qualification table, relationally linked to Care Activity table

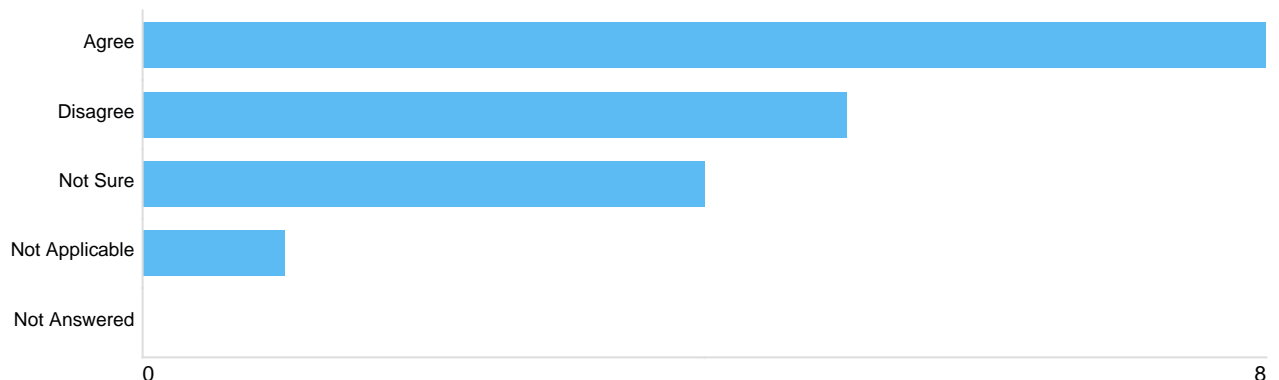

Option	Total	Percent
Agree	9	50.00%
Disagree	3	16.67%
Not Sure	5	27.78%
Not Applicable	1	5.56%
Not Answered	0	0%

Care Professional Qualification Table - Addition of 'QUALIFICATION HELD (IMPROVING ACCESS TO PSYCHOLOGICAL THERAPIES)'

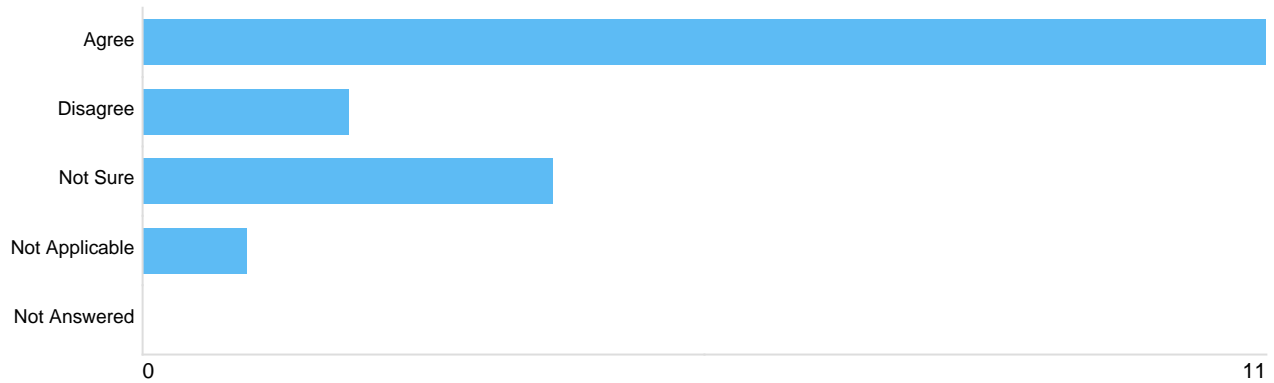

Option	Total	Percent
Agree	9	50.00%
Disagree	3	16.67%
Not Sure	5	27.78%
Not Applicable	1	5.56%
Not Answered	0	0%

Care Professional Qualification Table - Addition of 'EMPLOYEE QUALIFICATION AWARDED DATE'

Option	Total	Percent
Agree	8	44.44%
Disagree	5	27.78%
Not Sure	4	22.22%
Not Applicable	1	5.56%
Not Answered	0	0%

Care Professional Qualification Table - Deletion of existing 'CARE PROFESSIONAL ROLE CODE FOR IAPT'

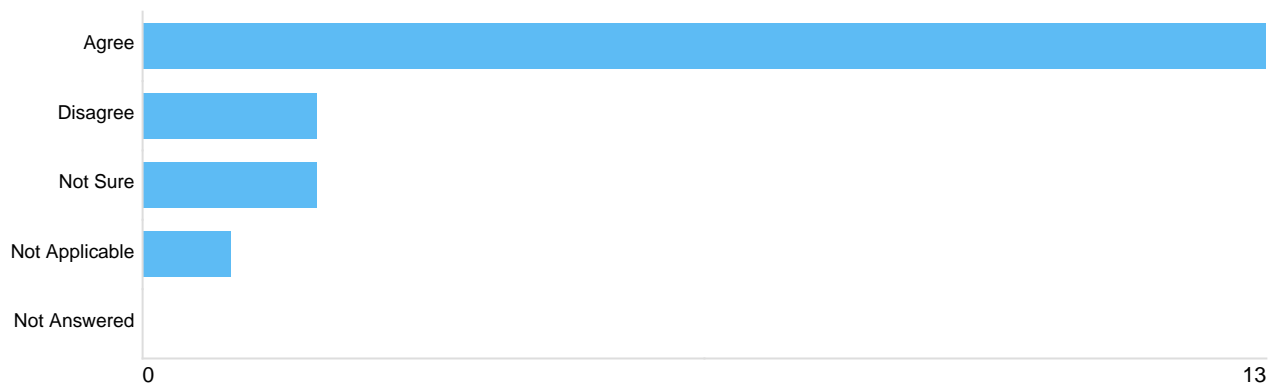

Option	Total	Percent
Agree	11	61.11%
Disagree	2	11.11%
Not Sure	4	22.22%
Not Applicable	1	5.56%
Not Answered	0	0%

Care Professional Qualification Table

There were 3 responses to this part of the question.

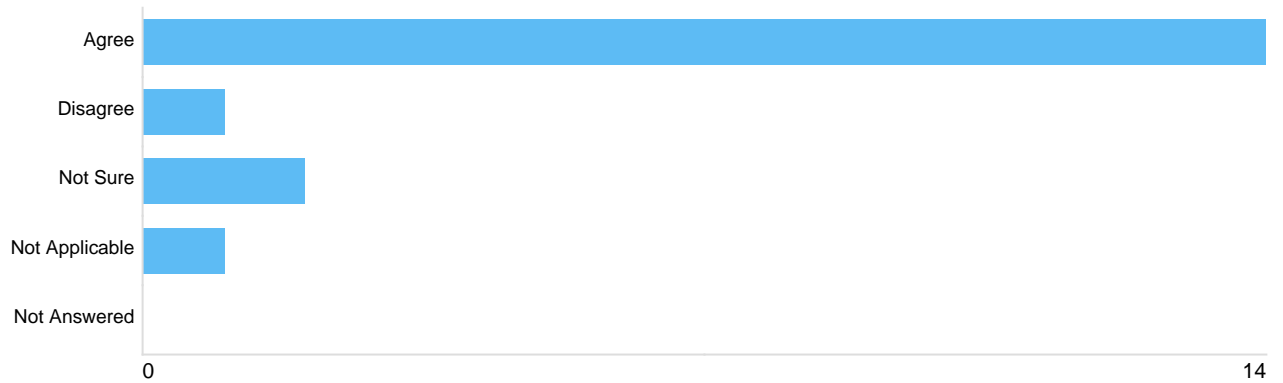

Question 16: Employment: Please consider the changes to support Employment outcomes, as detailed within Section 3.2.6 of the Change Specification.

Employment - Addition of 'WEEKLY HOURS WORKED'

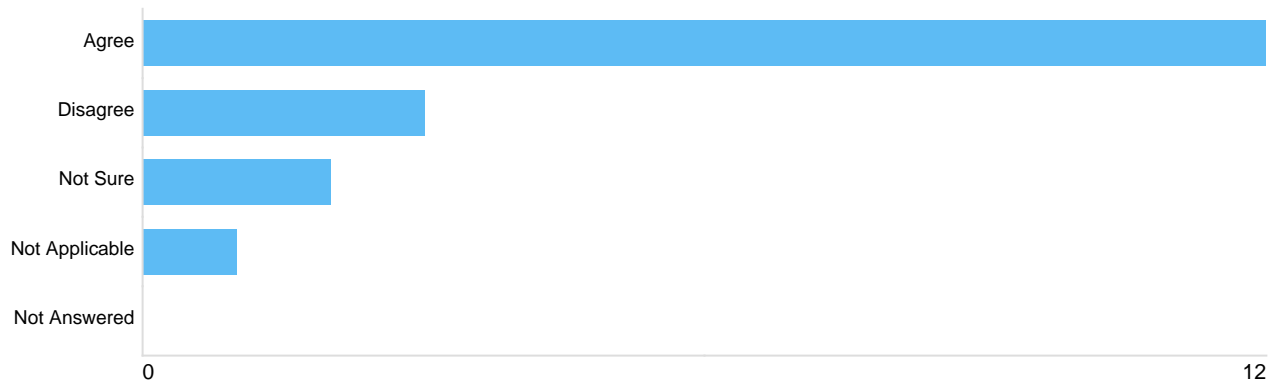

Option	Total	Percent
Agree	13	72.22%
Disagree	2	11.11%
Not Sure	2	11.11%
Not Applicable	1	5.56%
Not Answered	0	0%

Employment - Addition of 'SELF EMPLOYMENT INDICATOR'

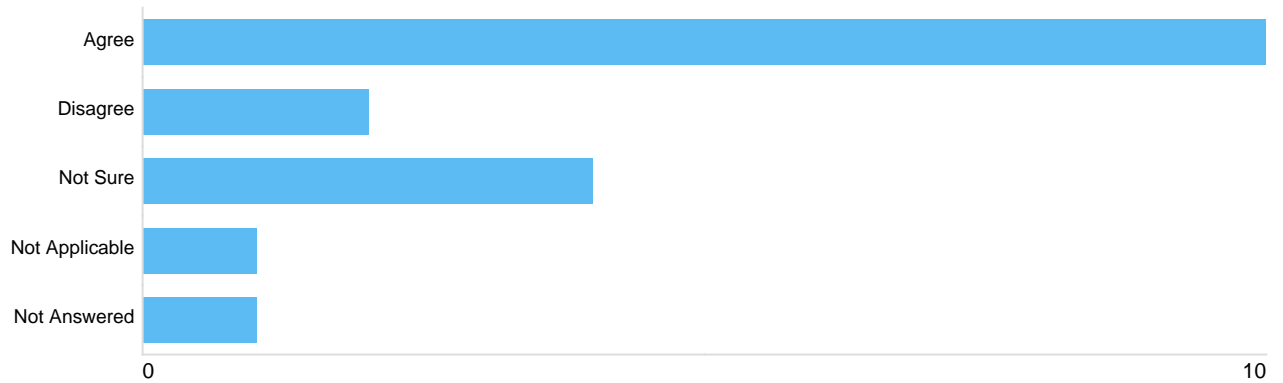

Option	Total	Percent
Agree	14	77.78%
Disagree	1	5.56%
Not Sure	2	11.11%
Not Applicable	1	5.56%
Not Answered	0	0%

Employment - Addition of 'EMPLOYMENT ATTENDANCE STATUS'

Option	Total	Percent
Agree	12	66.67%
Disagree	3	16.67%
Not Sure	2	11.11%
Not Applicable	1	5.56%
Not Answered	0	0%

Employment - Incorporation of the Employment Advisors pilot benefits indicator items

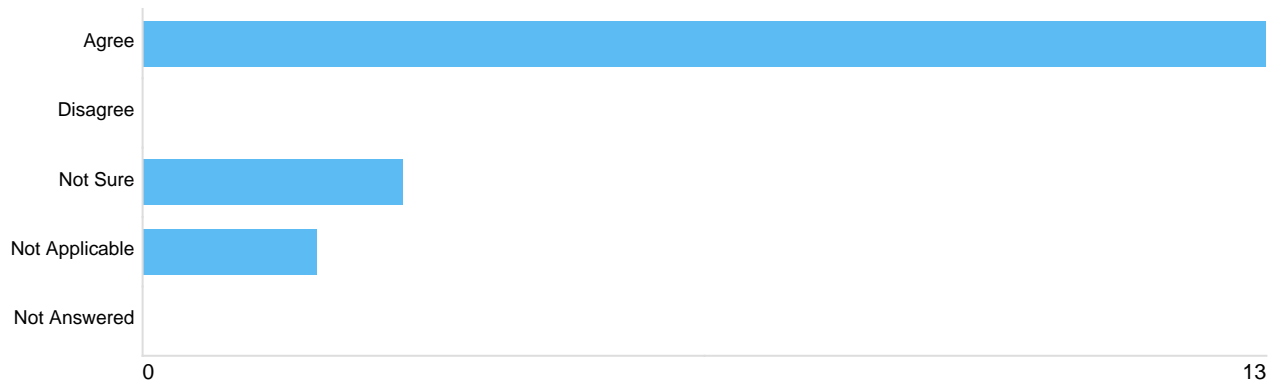

Option	Total	Percent
Agree	10	55.56%
Disagree	2	11.11%
Not Sure	4	22.22%
Not Applicable	1	5.56%
Not Answered	1	5.56%

Employment

There was 1 response to this part of the question.

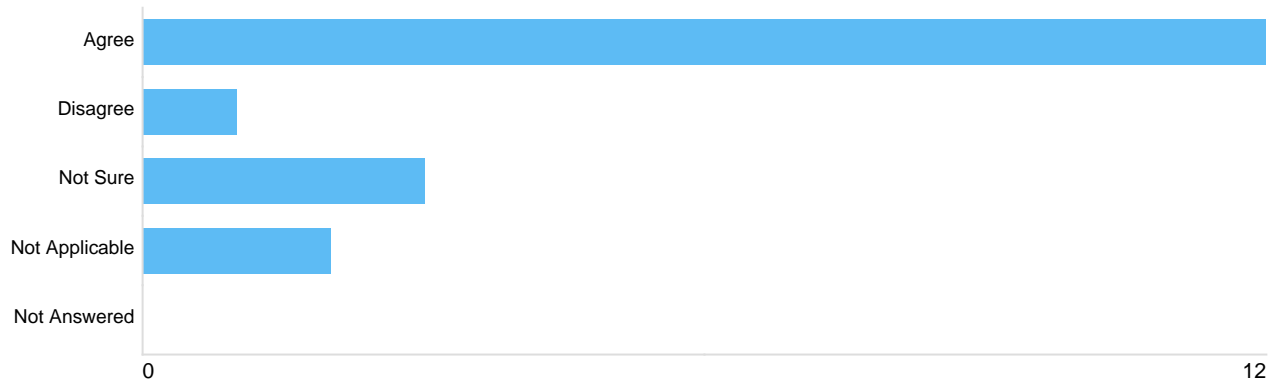

Question 17: Long Term Conditions (LTC) and Medically Unexplained Symptoms (MUS) early implementer pilot programme: Please consider the changes to support Long Term Conditions (LTCs) and Medically Unexplained Symptoms (MUS), as detailed within Section 3.2.7 of the Change Specification.

LTC and MUS table - Addition of a new table to flow LTCs as Medical History.

Option	Total	Percent
Agree	13	72.22%
Disagree	0	0%
Not Sure	3	16.67%
Not Applicable	2	11.11%
Not Answered	0	0%

LTC and MUS table - Restructure of the 'Problem Descriptor' field to allow MUS to flow as a primary and secondary descriptor

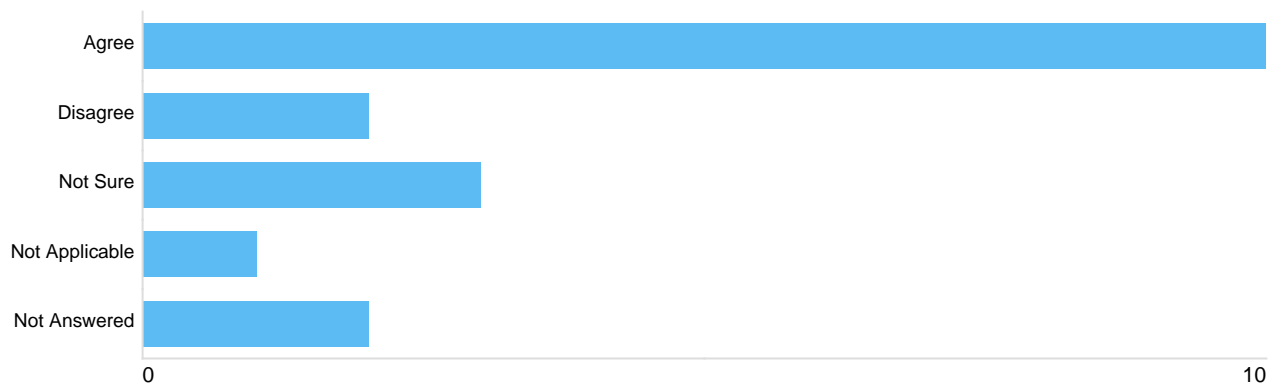

Option	Total	Percent
Agree	12	66.67%
Disagree	1	5.56%
Not Sure	3	16.67%
Not Applicable	2	11.11%
Not Answered	0	0%

LTC and MUS table

There were 2 responses to this part of the question.

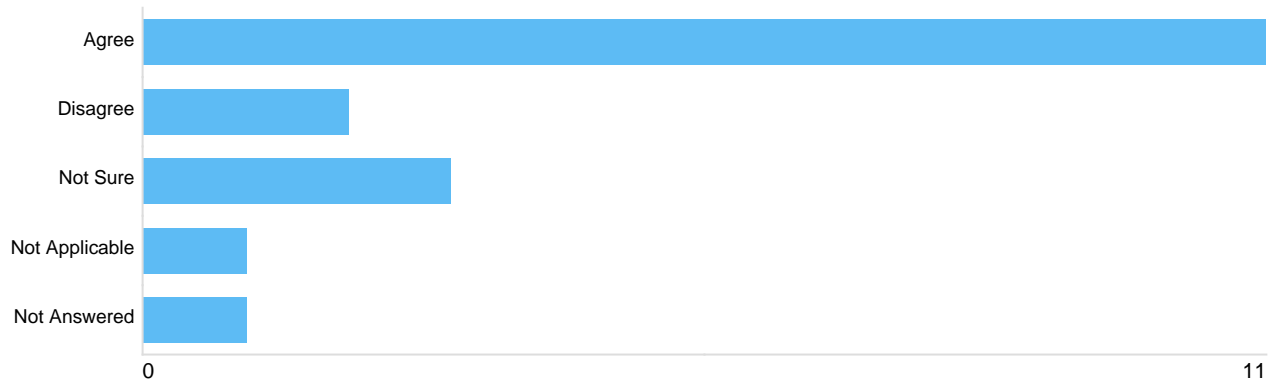

Question 18: Additional Care Contact Information: Please consider the changes to support additional Care Contact information, as detailed within Section 3.2.8 of the Change Specification.

Additional Care Contact Information - Addition of 'NUMBER OF GROUP THERAPY PARTICIPANTS'

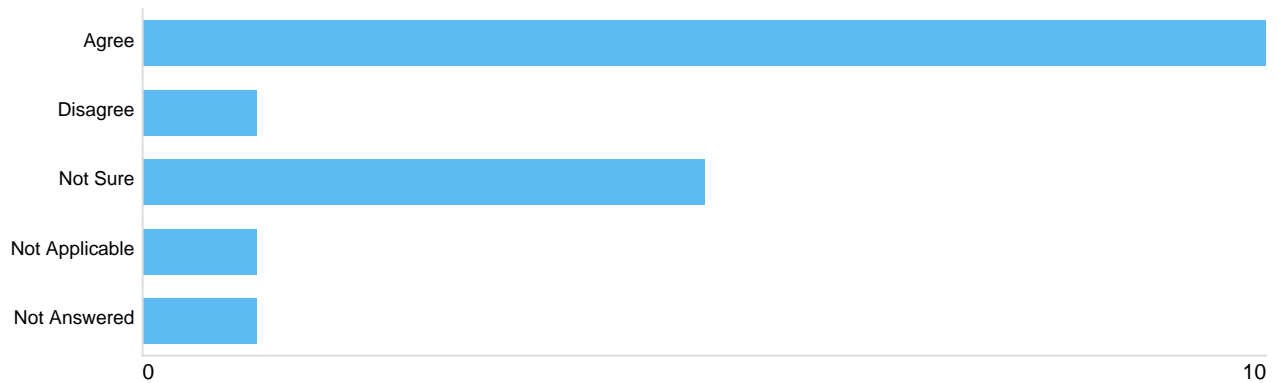

Option	Total	Percent
Agree	10	55.56%
Disagree	2	11.11%
Not Sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	2	11.11%

Additional Care Contact Information - Addition of 'NUMBER OF GROUP THERAPY FACILITATORS'

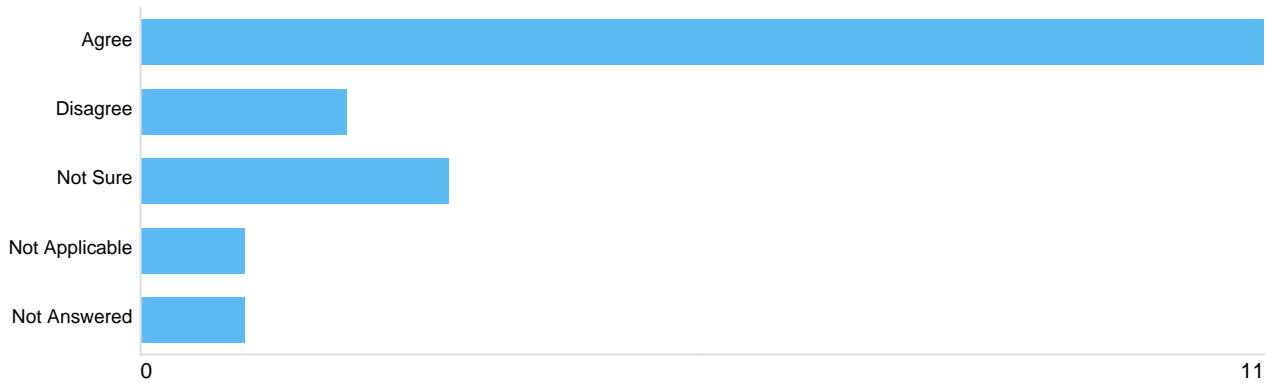

Option	Total	Percent
Agree	11	61.11%
Disagree	2	11.11%
Not Sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	1	5.56%

Additional Care Contact Information - Addition of 'ACTIVITY LOCATION TYPE CODE'

Option	Total	Percent
Agree	10	55.56%
Disagree	1	5.56%
Not Sure	5	27.78%
Not Applicable	1	5.56%
Not Answered	1	5.56%

Additional Care Contact Information - Addition of 'ORGANISATION SITE IDENTIFIER (OF TREATMENT)'

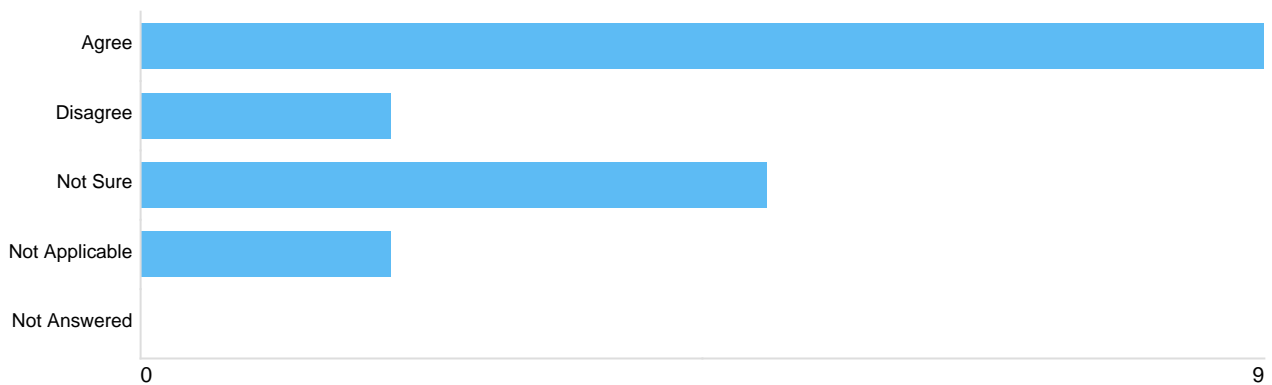

Option	Total	Percent
Agree	11	61.11%
Disagree	2	11.11%
Not Sure	3	16.67%
Not Applicable	1	5.56%
Not Answered	1	5.56%

Additional Care Contact Information

There were 5 responses to this part of the question.

Question 19: Overseas Visitor Charging Category: Please consider the changes to support Overseas Visitor Charging Category (OVCC) as detailed within Section 3.2.9 of the Change Specification.

Overseas Visitor Charging Category - Addition of an 'OVCC' table

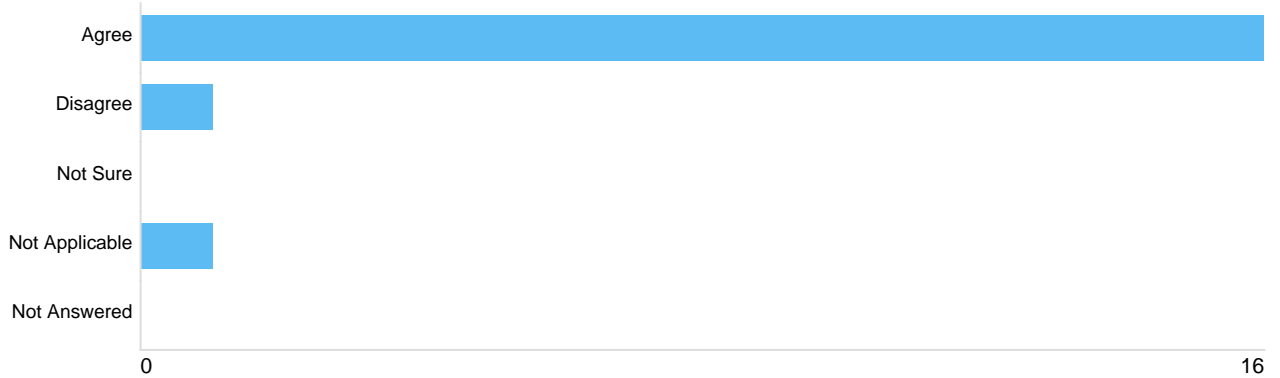

Option	Total	Percent
Agree	9	50.00%
Disagree	2	11.11%
Not Sure	5	27.78%
Not Applicable	2	11.11%
Not Answered	0	0%

Overseas Visitor Charging Category

There were 2 responses to this part of the question.

Question 20: Clarification of data set scope: Please consider the changes to the data set scope, as detailed within Section 3.2.10 of the Change Specification.

Clarification of data set scope - Update to the data set scope clarifying that activity relating to people under the age of 18, but are accessing adult IAPT services, should be included in this data set.

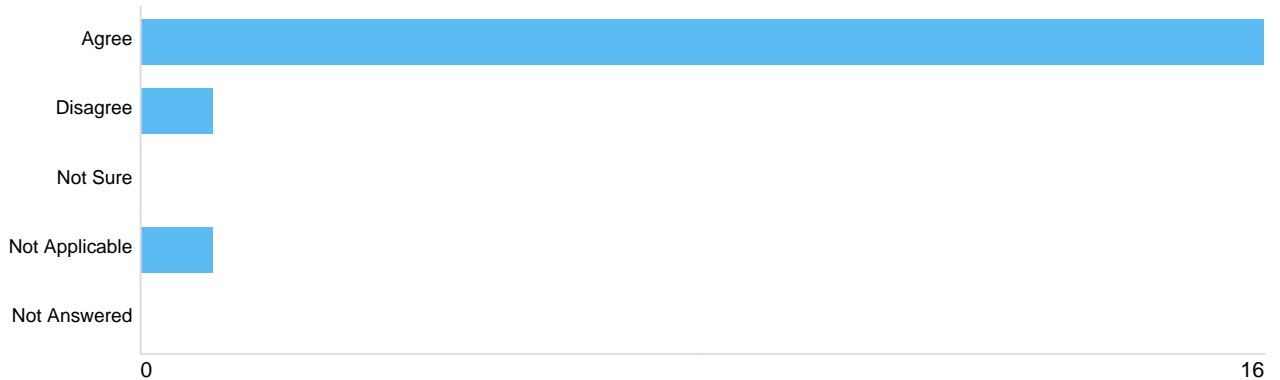

Option	Total	Percent
Agree	16	88.89%
Disagree	1	5.56%
Not Sure	0	0%
Not Applicable	1	5.56%
Not Answered	0	0%

Clarification of data set scope

There were 2 responses to this part of the question.

Question 21: Maintenance updates: Please consider the changes to support maintenance updates, as detailed within Section 3.2.11 of the Change Specification.

Maintenance Updates - General maintenance updates proposed to the data set

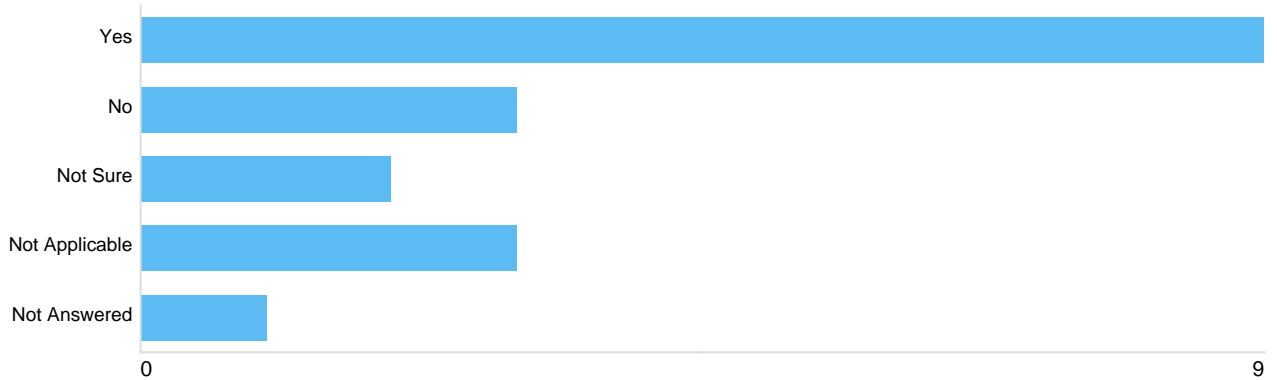

Option	Total	Percent
Agree	16	88.89%
Disagree	1	5.56%
Not Sure	0	0%
Not Applicable	1	5.56%
Not Answered	0	0%

Maintenance Updates

There was 1 response to this part of the question.

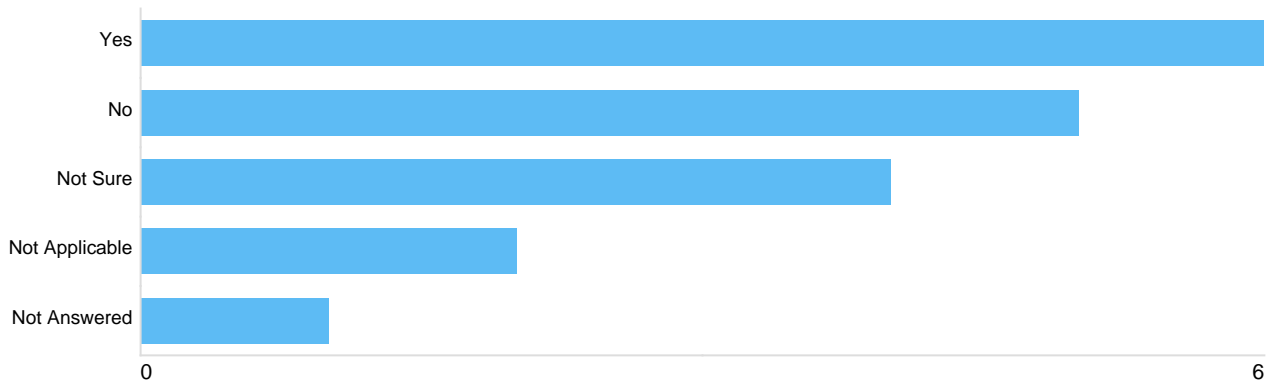

Question 22: Do you collect or derive the following items locally?

Management of Patient Pathways - End Date (Treatment Pathway)

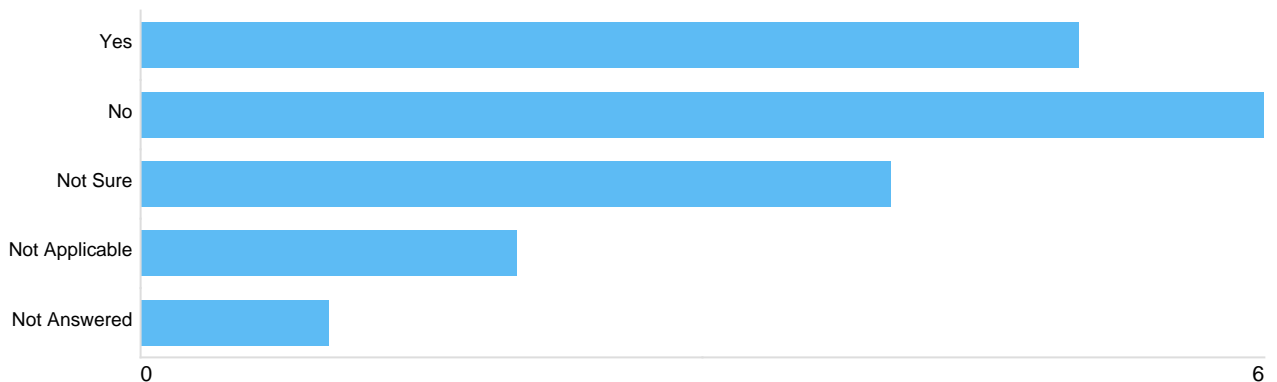

Option	Total	Percent
Yes	9	50.00%
No	3	16.67%
Not Sure	2	11.11%

Not Answered	0	0%

Management of Patient Pathways

There were 6 responses to this part of the question.

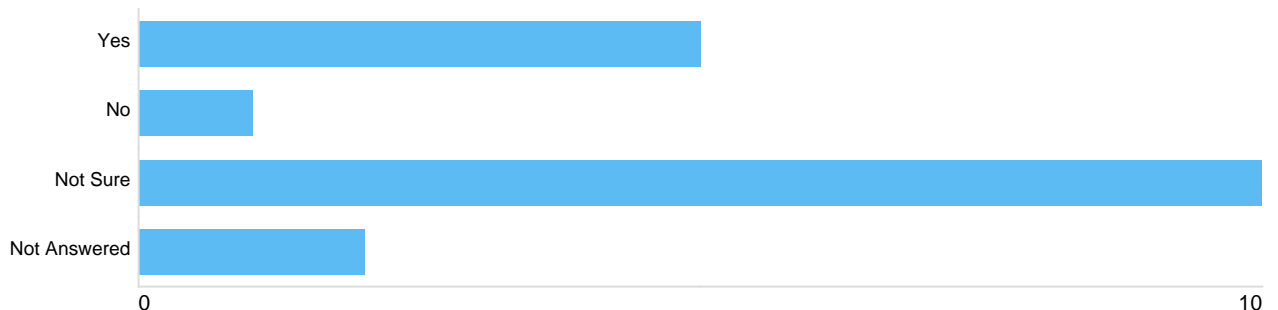

Question 24: In order to understand the movement of patients between steps across multiple organisations, we added changes in Version 1.5 such as: New Source of Referral codes (N1 and N2), New End codes (40 and 41) and Organisation Code Stepped to Provider. Data quality of these fields has prohibited use within national reports. Please detail any feedback that may help us understand data quality considerations and how these can better be supported.

Please provide feedback below
