This data item has been updated to identify it as the start of the Cancer Faster Pathway:

• The REFERRAL REQUEST RECEIVED DATE for the SERVICE REQUEST to an organisation site identified as the start of the Cancer Faster Pathway

This is to be consistent with SCCI0090, and is aligned with COSD.

This data item has been updated to identify it as the start of the Cancer Faster Pathway:

• The REFERRAL REQUEST RECEIVED DATE for the SERVICE REQUEST into secondary care when the PATIENT was referred urgently for 'breast symptoms' (the PRIORITY TYPE of the SERVICE REQUEST is recorded as National Code 3 - Two Week Wait)

This is to be consistent with SCCI0090.

This data item has been updated to identify it as the start of the Cancer Faster Pathway:

• The REFERRAL REQUEST RECEIVED DATE for the SERVICE REQUEST to an organisation site identified as the start of the Cancer Faster Pathway

This is to be consistent with SCCI0090.

This data item has been updated to identify it as the start of the Cancer Faster Pathway:

• The REFERRAL REQUEST RECEIVED DATE for the SERVICE REQUEST into secondary care when the PATIENT was referred urgently for 'breast symptoms' (the PRIORITY TYPE of the SERVICE REQUEST is recorded as National Code 3 - Two Week Wait)

This is to be consistent with SCCI0090.
COSD131  CANCER FASTER DIAGNOSIS  PATTERN END REASONS  and  National codes: 42 Diagnosis of Cancer 43 Ruling out of Cancer 44 Excluded from pathway  
This item is being retired from COSD. This data item has been retained as is in CWT. 
Required  Single 

COSD132  PRINCIPAL CANCER SITE (CANCER FASTER DIAGNOSIS PATHWAY)  and  National codes: 15 Acute leukaemia 16 Breast/Clinical Services System 17 Children’s 18 Haematology 19 Haematological Excluding Follicle Lymphoma 20 Head & Neck 21 Liver 22 Lung 23 Lower Gastrointestinal 24 Upper Gastrointestinal 25 Invasive Breast/Thyroid/Bladder 26 Metastatic disease of unknown primary 27 Unknown 
This data item has been reviewed in light of the related clinical trial data items in CWT101. This item is being retired from the National Cancer Waiting Times Monitoring Dataset, therefore there is no requirement from the National Cancer Waiting Times Monitoring Dataset to use this data item. 
Required  Single 

COSD133  CANCER FASTER DIAGNOSIS- PATIENT.Cmd (SYSTEMS COMMUNICATION FASTER DIAGNOSIS PATHWAY)  and  Explicit: 580-00  
This data item enables you to identify from a list of options an overarching reason 01 Diagnosis of cancer or 02 Ruling out of cancer in CWT101. This data item records whether the patient was diagnosed, had cancer ruled out, or was excluded from the pathway for any of the reasons in data item CWT106. 
Required  Single 

COSD134  CANCER FASTER DIAGNOSIS- PATIENT.Cmd (SYSTEMS COMMUNICATION FASTER DIAGNOSIS PATHWAY)  and  
This data item enables you to identify from a list of options an overarching reason 01 Diagnosis of cancer or 02 Ruling out of cancer in CWT101. This data item is to be retired as information on the radiotherapy intent can be found through the linkage to RTDS. 
Required  Single 

COSD135  CANCER FASTER DIAGNOSIS- PATIENT.Cmd (SYSTEMS COMMUNICATION FASTER DIAGNOSIS PATHWAY)  and  
This data item enables you to identify from a list of options an overarching reason 01 Diagnosis of cancer or 02 Ruling out of cancer in CWT101. This data item is to be retired as the data item has been removed from the pathway for any of the reasons in data item CWT106. 
Required  Single 

COSD136  CANCER FASTER DIAGNOSIS- PATIENT.Cmd (SYSTEMS COMMUNICATION FASTER DIAGNOSIS PATHWAY)  and  
This data item enables you to identify from a list of options an overarching reason 01 Diagnosis of cancer or 02 Ruling out of cancer in CWT101. This data item is to be retired as information on the radiotherapy intent can be found through the linkage to RTDS. 
Required  Single 

COSD137  CANCER FASTER DIAGNOSIS- PATIENT.Cmd (SYSTEMS COMMUNICATION FASTER DIAGNOSIS PATHWAY)  and  
This data item enables you to identify from a list of options an overarching reason 01 Diagnosis of cancer or 02 Ruling out of cancer in CWT101. 
Required  Single 

COSD138  CANCER FASTER DIAGNOSIS- PATIENT.Cmd (SYSTEMS COMMUNICATION FASTER DIAGNOSIS PATHWAY)  and  
This data item enables you to identify from a list of options an overarching reason 01 Diagnosis of cancer or 02 Ruling out of cancer in CWT101. This data item is to be retired as information on the radiotherapy intent can be found through the linkage to RTDS. 
Required  Single
